SAVE YOUR SIGHT

YES! SIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

The Man in the Moon

SAYS:

THAT it seems as if the fisheries are to be open to all in this district.

THAT the areas have been defined in anticipation of the enforcement of the new regulations.

THAT "free fish" has a pleasant socialistic sound, but is means a reversion to individualism.

THAT is what the fishermen want just now, and everyone is glad they are to get it.

THAT the next thing is motor boat fishing and a good fish dock.

THAT one by one we are getting the things we want, but it takes a lot of worrying to get them.

THAT Lady Astor says woman of eighteen is wiser than man of twenty-five.

THAT Lady Astor has doubtless some experience with men of twenty-five, but an altogether different experience with girls of eighteen.

THAT if she were a man she might think differently.

FORWARD MOVEMENT

Anyox, B. C., Feb. 19, 1920.

To the Editor:

In regard to the explanation of the forward movement as put forward by a local clergyman, it reads well but it is not alone the denominational chasm, although I see it features Protestantism, but that all the churches have lost their grip on the common people and a reputation is easier lost than gained. By means of two gospels preached, one for the supposed ignorant (What is education?) and one for the erudite, fashionable churchgoer with his higher criticism we have had practically every fundamental truth of Christianity neglected.

He also speaks of the re-establishment of the family altar, but in the time that this custom was predominant and in one country, Scotland, where it vastly predominated, and whose people's integrity and sterling worth (I am not Scotch myself) were appreciated in every country, to which they emigrated and they were certainly many. In those days of family worship we had men who tried to be upright and just in their dealings and whose word was better than their bond. Today one does not sell or barter without every legal precaution, so if this was cause and effect by all means let us restore the family altar.

But positive religion, something not apologized for, seems to be needed and in one church, not in your O. B. U., it so greatly shines, to wit, the Roman Catholic Church and in which lies its strength and glory.

In conclusion I am pleased to see a Rupert clergyman come forward, for of all places it should be a leader, for as the psalm says "I to the hills lift mine eyes," and its hills enough heaven knows

and its brainy phosphatic fish diet should produce something notable. Plain living and high thinking go hand in hand as many a son of the manse can certify.

SMITHERS

The third Delco light plant to be established in Smithers is being installed at the Hotel Bulkley.

John Kelly has been appointed Chief of Provincial Police in this district as successor to A. C. Minty who was transferred to Prince Rupert three years ago.

Last week an order was filled at Smithers from a Vancouver Island seed firm for timothy seed. The desire is to improve the crops on the Islands with this seed from the north.

The machinery for the mill of the Northern Lumber Co. has arrived and is being set up at the scene of their future operations a couple of miles west of Smithers. It is expected that the mill will be in operation early in March.

A. L. Carruthers, district engineer, was in town last week discussing the season's work with Assistant Engineer Dunlop.

BIG FREIGHTER TO BE THE WILLIAM F. CODY

NEW YORK, March 1.—A big freighter to be built for the United States Shipping Board will be named the William F. Cody in honor of Buffalo Bill, the last of the great scouts and plainsmen of the United States.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that M. P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 50 cubic second-feet and to store about 400 acre-feet of water out of Clearwater River which flows southerly and drains into the Kiskadee River about 22 miles from the head of the Inlet of Alice Arm.

The storage-dam will be located near natural outlet of Clearwater Lake. The capacity of the reservoir to be created is about 450 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at storage dam and will be used for power for mining purposes upon the mine described as the Climax Group.

This notice was posted on the ground on the 26th day of January, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C., within thirty days after the first appearance of this notice in a local newspaper.

M. P. OLSEN, Applicant.

The date of the first publication of this notice is February 5, 1920.
