

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

Sir—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,

Your obedient servant,

(Signed) W. J. LYNCH,
Chief of the Patent Office.

Harry Hanson, Esq.,
139 Second Avenue,
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

PREPARE FOR BIG FUR SALE

Matter Will Again Come Before the Board of Trade this Evening.

At the meeting of the Board of Trade tonight President Parker will appoint a committee to report on the matter of a fur sale at this point.

In connection with the proposal Capt. Freeman suggests the formation of a local company from the board to finance the sale and manage it, insure the pelts and see that they are properly looked after. It is possible that he may bring this matter up tonight or bring it to the attention of the committee when formed. Capt. Freeman says he is willing to put up \$100 himself for this purpose.

George Leek is also considering holding a sale and he says he has already been promised a good deal of support.

ROUMANIAN PREMIER AND GREAT BRITAIN

On Recent Visit He Asks for Closer Relations to Offset German Influence.

In view of the pronouncement of Premier Alexander Vaida Voeved, of Roumania in regard to the effort to restore the Hapsburg dynasts in that country, it is interesting to note that he recently visited England and while there is reported by the London Times to have said:—

"The reason why Roumanians desire that the relations between Great Britain and Roumania should be closer, is quite simple. Because of her geographical situation Roumania was obliged to submit to German influence and even to an alliance with Germany. The result of this alliance and this influence was war against the Central Powers on the side of the Allies. Today we are able to appreciate the power, the sincerity, the good will of our Allies. The warm reception which has been given to me in London is for me the best of proofs, and I shall entertain for it deep gratitude. I am sure henceforth that you will not draw away from us after the conclusion of peace the friendly hand that you stretched towards us during the war.

"We shall defend ourselves against those who attack us, but in the defence against Bolshevism I consider we have a European role, that we should help in consolidating Russia herself and that we should defend—with the Poles—the rest of Europe. It is from this point that I again ask for the support of our Allies, and I am sure that the wisdom of the Allies' statesmen will not refuse me this."

FRED STORK GIVES ADDRESS TO TEACHERS

The bi-monthly meeting of the Prince Rupert Teachers' Association took place Wednesday afternoon in Borden Street School. Fred Stork delivered an inspiring address on the subject of education from the business man's point of view. He stated that, in view of the fact that ninety per cent. of the pupils attending school would take their places in the business world, they should be given some idea of the rudiments of business.

A hearty vote of thanks was tendered to Mr. Stork for his splendid address, and the hope was expressed that other citizens would be induced to speak to the association from time to time.

EASTER DANCES

Two Already Being Planned for Easter Week and Week Following.

Already preparations are being made for Easter festivities. On Easter Monday the annual Daffodil Ball is usually held under the auspices of the Municipal Chapter of the L. O. D. E. and it is expected that it will be held again this year. The Tennis Club also has arranged for a big ball to be held April 16, which it is said will surpass everything that has gone before in select dances. A committee recently appointed has the arrangements in hand.

C. C. Perry left for Swanson Bay last night.

Kiddie's Clothes

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why

Sunlight Soap

purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing—the special "Sunlight" way. It's easy to do the washing yourself if you—

Insist on getting the Soap you ask for—SUNLIGHT SOAP.

WIFE OF INVERNESS TEACHER DIED LAST MONDAY IN VICTORIA

Word has just reached the city of the death of Mrs. D. J. Anderson, sister of R. G. Johnstone, manager of Inverness Cannery at Victoria on Monday last from an attack of influenza.

Mrs. Anderson was the wife of D. J. Anderson, who for many years was the teacher of the public school at Inverness and who a few years ago moved to Esquimalt. Besides the husband a four year old boy is left to mourn his mother's death.

CLAIM LEAVING B. C. FOR PRINCE RUPERT

"The Government steamer Newington leaves Victoria this morning for Prince Rupert, where she will be stationed in future," says a recent issue of the Victoria Colonist. "She has on board two cows to be kept at the northern station by one of the officers, a jackrabbit bound for one of the northern lighthouses, and some chickens going to Rupert. Household effects for the latest additions to the government colony enlarged owing to Rupert now being a full agency of the Marine Department, are also going north in the Newington's holds. It is stated that hammocks have been constructed for the cows so that the milk will not be churned should the steamer get restless. It is understood that rubber shoes, umbrellas and other climatic necessities are being taken along for Capt. Bilton's unfortunates, who claim that they are leaving British Columbia for Prince Rupert."

Mrs. L. Rice was fined \$10 in the police court this morning for being drunk and disorderly.
