DAILY EDITION. Saturday, March 6, 1920.

Orchestra Concert Sunday Evening.

Once more the local Symphony Orchestra is to give a Sunday night concert in the Westholme Theatre and doubtless many people will want to hear them. As the winter season is coming to a close soon there will not be many more opportunities to hear this fine aggregation of instrumentalists.

As with former concerts this one will be free by ticket. The idea of giving away tickets being that people who wish to attend church may do so feeling sure that they will get seats at the concert, if they have taken the trouble to secure their tickets beforehand. It was felt that the wide open plan was unfair to churchgoers.

We do not ask people to attend this concert to encourage the orchestra, however desirable that may be. We suggest that people will go because they want to hear the music, both instrumental and vocal, that is offering on this occasion. If they do this and enjoy themselves thoroughly, the members of the orchestra will be satisfied.

Prophecy Regarding Dominion Elections.

If it were safe to prophesy, which it never is, we would suggest that there will be no Dominion election for some time to come. The members of the House, who fear that they may never enter the precincts of the House again, think it would be well to remain there as long as possible. They say that next year there will be a Dominion census and after that there should be a redistribution of seats, to be followed by a general election.

It is customary to hold the census every tenth year about midsummer. That would mean that the returns would all be made by the early autumn. By calling an autumn session toward the close of 1921, a redistribution bill could be passed just before an election and at the same time the members would be given an opportunity to draw another extra sessional indemnity, the last many of them will ever draw.

There is no certainty that this will be the course adopted, but if the Government can weather the present session, and there seems no reason to think otherwise, the plan outlined would be following the line of least resistance, and would provide the proper kind of final potlatch for the members of the House.

Too Many Women in England Now.

There are too many women in Great Britain since the war. Even before that there was a large preponderance of females in that country.

"Dr. Murray-Leslie, in a lecture at the Institute of Hygiene, very seriously studied the consequences of the 'sex preponderance' of women in Great Britain," says the London Times. "Sex preponderance means that there are 1,000,000 more women than men. It would be a more alarming fact if so considerable a proportion of women were not civilized by the higher education. But this, as Dr. Murray-Leslie observed, has its awkward side. The fittest women are forced into the labor market, while the less fit marry and bear children. Among the less fit is the 'frivolous, scantily clad, jangling flapper, irresponsible and undisciplined, to whom a dance, a new hat, or a man with a car is of more importance than the fate of nations.' Science itself cannot resist a gibe at the flapper. She is certainly a vulgar ornament of the new age. But it is a pity to give the impression that London is dominated by her. A visitor would be more likely to wonder at the masses of young girls earning a living by hard work than at the comparative few who are hardy parasites."

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly
Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Pius IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.
