

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

PIPE BAND HAD SPLENDID DANCE

Good Crowd Present at the St. Andrew's Hall Last Night for Enjoyable Evening.

The dance held in the St. Andrew's hall last night in aid of the funds of the Callies' Pipe Band was a well attended affair; and one that was thoroughly enjoyed by all those who were in attendance. Although the weather was inclement and the invitations had been issued rather late, there were well over 200 persons present. A good sum was realized towards buying uniforms for the pipers who were themselves present and gave selections. The atmosphere seemed proper for dancing last night and Gray's Orchestra provided their usual captivating music.

Before the opening waltz the pipe band gave a selection, "The 79th's Farewell to Gibraltar," which was loudly encored, bringing the response in a strathspey and reel. During the supper interval the band gave another selection, "Highland Laddie." The pipe band is a body worthy of special mention and is a credit to Prince Rupert musical circles. The players are really talented and many do not appreciate the practice and skill that is necessary to bring them to the point of excellence now attained. The band was last night composed of Pipe Major Mellis, Pipe Sergeant Stevens, Pipers Alex. McDonald, Jas. Bruce, Philip McKay, Drummer Sergeant McNeil, Drummers McMillan and C. Brown.

Those in Charge.

Arrangements went off with the usual ease and despatch that characterizes St. Andrew's affairs last night under a committee consisting of Capt. J. McGregor, chairman; Geo. Delgarno, Jock Campbell, Ed. Ross, Wilson Murray and Cecil Brown. President S. D. Macdonald was master of ceremonies and Wm. Murray was on the door. Excellent refreshments were provided and served by the Ladies' Auxiliary of which Mrs. Reid is the president.

Kiddie's Clothes

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why

Sunlight Soap

purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing—the special "Sunlight" way. It's easy to do the washing yourself if you—

Insist on getting the Soap you ask for—SUNLIGHT SOAP.

ACCOMMODATION FOR BOATS AT SANDSPIT

An application from residents at Sandspit for the support of the Board in securing wharf accommodation was discussed by the Board of Trade last night. The railways, navigation and port committee, to which it had been handed, recommended that instead of a wharf at an impracticable point where it was too much exposed to the weather, a road should be built to some other port of call on the islands.

This too seemed a large expense to recommend, so it was finally decided to send on the letter asking that the Governments interested investigate and take steps to alleviate the condition.

The Man in the Moon

SAYS:

THAT the big dog team race is to be held very soon.

THAT it is now in order for the sentimentalists to protest against the cruelty of animals.

THAT the men walk or run the same distance and they enjoy the sport. So do the dogs.

THAT the local pipe band is a great success.

THAT a small hall is hardly the place to listen to pipe music, yet the audience at St. Andrew's Hall last night asked for more.

THAT the way Drum Major McNeill wields those sticks is a wonderful sight.

THAT someone remarked during the performance that it was difficult to hear the music for the noise.

THAT the Board of Trade is so enthused over its success in regard to open fisheries that it is now after something else.

THAT this seems the logical place for the G. T. P. Coast Steamship head office.

THAT a school boy once said the greatest difficulty George Washington had to contend with was that he could not tell a lie.

THAT it might be a good thing for the community if others were similarly afflicted.

An invitation to send delegates to attend the meeting of the Manufacturers' Association at Victoria in June was received last night by the Board of Trade and will be acted on later.

The annual daffodil ball which is to be given on Monday, April 5, will, as usual, be under the auspices of the Queen Mary Chapter, I. O. D. E.

Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

"Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,

Your obedient servant,

(Signed) W. J. LYNCH,
Chief of the Patent Office.

Harry Hanson, Esq.,
139 Second Avenue,
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.
