New Dock for Local Trade.

The news published in this paper on Saturday that the contract had already been let for the piling and lumber for the new dock which is about to be built here and that tenders were being invited for the work of construction, proved most acceptable. The first plans were drawn a long time ago and something had to be done now or the dock would not be available for use this summer.

There has been great need for this dock for a long time. Last year there was nothing like shed room enough to accommodate the canned salmon that was landed here. All sorts of boxes were adopted in order to handle as much as possible.

correct, but the power of the paper mills is so great that it is

Cost of Exchange

To Canadians.

The Canadian dollar is worth 100 cents in Canada. It is

worth only 84 cents in the United States. With Canadian money

at a discount of from 10 to 15 per cent., exchange with the United

States is costing Canadian consumers between \$75,000,000 and

\$100,000,000 a year.

"We are buying \$740,000,000 of goods a year from the

United States," said Hon. Arthur Meighen, minister of the in-

terior, addressing Winnipeg business men recently. "Of that

\$740,000,000, \$71,000,000 is cotton, which we have to buy from

there; \$154,000,000 is iron and steel, and we surely have enough

iron and steel in this country to supply all the needs of Canada;

\$46,000,000 is for wool, and I know of no reason why we cannot

grow enough to supply our own demands; \$51,000,000 is for

coal, and we have as much coal as the heart of man can desire

in this western country, and there should be some way found

whereby the largest production of coal used in this country comes

from the mines of our own country; \$20,000,000 is for imports

of meats, and surely this is a meat-producing country; \$18,000,-

000 is for hides; \$15,000,000 is for chemicals, and \$19,000,000

for breadstuffs. There is not the slightest reason in the world

why the chemicals we need should not be obtained in our country;

this is the greatest country in the world for the production of

chemicals.

"In all these lines, making up more than half of our imports

from the United States, it only requires courageous effort on the

part of our country to reduce the purchases in the United States

to only a percentage of what they are today, and to increase

our sales."

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to 'Fruit-a-tives'.
