## Harry Hanson's Patent

Patent Office, Ottawa, January 27, 1920.

Sir,—I am directed to acknowledge receipt of your letter of the 17th inst. on the subject of Canadian patent No. 162632, granted to you on the 18th May, 1915, for a "Water Heater" and in reply to inform you that this patent was not made subject to the conditions of Section 44 of the Patent Act, (compulsory licence system) and is governed by Section 38 of the said Act, an extract from which I beg to enclose herewith.

I am also to inform you that the fee for the second six years term has not yet been paid, but it does not come due until the 18th May, 1921. The required amount is \$20.00 and a covering letter referring to the patent by date and number, and stating the purpose for which the remittance is made is all that will be necessary.

I have the honour to be,

Your obedient servant,

(Signed) W. J. LYNCH,  
Chief of the Patent Office.

Harry Hanson, Esq.,  
139 Second Avenue,  
Prince Rupert, B. C.

With regard to the above letter, I wish to say that as I have complied with section and paragraph 38 of the Patent Act, and therefore do not come under Section 44 of the said Act, and as I am equipped and willing to install, make and sell said "Water Heater" to any and everybody, I therefore according to law can, and hereby do withdraw the privileges of others making these water heaters.

I am willing to negotiate for an agency to make my water heater, with anyone willing to pay the royalty of \$2.00 on each one installed on the distinct understanding that a year's guarantee goes with it.

## The Man in the Moon

SAYS:—

THAT what is in a name? may well be asked in Victoria. A few days ago two offenders appeared in the police court, one named Theresa Scotchman and the other John Bull. The former was an Indian and the latter a Chinaman.

THAT this is the antithesis of the saying that a rose by any other name would smell as sweet.

THAT Captain Nicholson stirred up a wasp's nest when he addressed the Board of Trade last week.

THAT the wasps will probably follow him to lair in Vancouver.

THAT Major Andrews, a gallant soldier and a man who has the courage of his convictions, has lined up with the opposition at Ottawa.

THAT means two votes less in the Government majority.

THAT the management of the Symphony Orchestra concerts should provide chewing gum to those who have none so that the other half of the audience may chew.

THAT the people here still appreciate the Sunday night concerts.

THAT the red decorations at the concert last night were the subject of much favorable remark.

THAT some visitors evidently mistook them for socialist badges.

THAT when they recognized the wearers they changed their minds.

THAT the interest taken in the Daily News dispatches by the rival editor seems to indicate that he may be a candidate for provincial honors himself.

THAT his name has been mentioned in that connection in more than one place.

THAT some of his friends intimate that he simply has his ear to the ground, but that his hearing is very acute at such times.

THAT the editorials are valuable in that they add to the daily supply of the world's humor.

### CONSIDER THE MOTHERS

To the Editor,—

Through the columns of your paper I wish to draw the attention of the City Council to a matter that greatly concerns the mothers of the city. I refer to the difficulty that mothers have who wheel preambulators along the sidewalks of our streets. At best, their task is no sinecure, but when at the end of each block they are forced by exerting their strength to lower their baby carriages down to the street and up again at the next block it becomes a tax far beyond the strength of many of these mothers, who to my mind are entitled to more consideration than they receive.

#### Must Be Bachelors.

Is it that our City Fathers are all bachelors, or if married, are not blest with the possession of a baby, that they are so oblivious to the comfort of so many mothers that possess both babies and carriages? Surely it would not cost much to have constructed a small incline at the end of each block, so as to enable these mothers to wheel their babies without undue labor.

#### One of Best Assets.

Our City Fathers should remember that these mothers who have the courage to bring up young families and buy carriages to wheel them in are the best assets of our city. Would it be that these same City Fathers, by elevating the sidewalks, and thus rendering it difficult to wheel these baby carriages, have adopted this cruel plan of bringing home to these mothers the truth of the H. C. of L. and thus warning them of the dangers they are running.

#### ONE OF THESE MOTHERS.

Among the passengers booked for the south on the Princess Beatrice last night were C. Berg, James Carter, R. M. Cameron, Mrs. J. B. Weldon, Miss Durrant, H. C. Sheldon, Fred Daniels, W. J. Sampson, J. F. Troake, Vancouver; Mrs. A. S. Newell, Seattle.

## MAN STOOD UP TO BRACE OF PISTOLS

It takes a pretty good man to stand up before a brace of six-shooters and not flinch. In "The Money Corral," a new Artercraft picture starring the inimitable William S. Hart, which will be seen at the Westholme Theatre tonight, this is proved when the star encounters some underworld crooks in Chicago and bests them at their own game. He also saves a trust company by preventing the theft of important proxies. The opening scenes are of a great rodeo in the frontier town of Fraley Point, Montana. There takes place the wild riding and shooting, all the sports of the cow country.

A charming love story runs through the picture which was written by Mr. Hart and Lambert Hillyer, who also directed the production.

It is said that for sheer thrill and the qualities of human interest, the triumph of right over evil, the perfection of scenic investiture, this picture is one of the most notable ever offered starring William S. Hart.
