ALD. PERRY ON SCHOOLS

(Continued from Page Three)

voted for this by-law, it was the prevailing understanding that the sum of \$150,000 would cover the entire cost of the school establishment fully equipped and ready for use.

As soon as the building by-law was voted on and passed by the people, and as a result of the issue I took with the School Board to the effect that I considered the Board should submit their complete classified estimates, the School Board, six months after and as soon as excavation contract had been awarded, requisitioned an additional \$14,000 for furnishings and equipment, and even to this date no requisition has reached the Council for the extraordinary expenditures involved, except for the cost of removing the pipe-line and clearing the grounds.

The policy of the School Board seems to be to erect the school building and, when this is completed, make the public come through with the balance which should properly have been requisitioned from the Council under classified estimates, when the building was first asked for.

Some Questions. Why did the School Board not make application for \$14,000 for furnishings and equipment when it presented its application for the school?

Why was provision not made at the same time, by by-law, to cover extraordinary requirements as required by School Law?

Why has the School Board persisted in its refusal to discuss the estimates with the Council? If the School Board intended

LAND REGISTRY ACT.

(Sections 36 and 134.)

Re Application No. 11365-L. File 6274. TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot 19 (30), Block forty-two (42), Section eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under him, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a certificate of indefeasible title to the above-mentioned lands, in the name of David H. Hays.

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1908 (the date on which the said lands were sold for overdue taxes), you were the Crown Granted owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of David H. Hays unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 7th day of November, A. D. 1919.

that the \$150,000 was to cover the cost of equipment as well as the building, why does the Board now requisition additional money by-laws?

Why was the public not invited to inspect the competitive plans, but only called upon to inspect the accepted plans after the return of the others?

To answer that such matters as exchange and deductions on the sale of bonds are provided for in the building by-law is not to my mind sufficient. It does not alter the facts that a bond issue greatly in excess of the actual cost of the building will be necessary, and the public will be called upon to foot the bill.

Only One Reason.

There is only one reason that I can see for the attitude of the Board to the whole question. It is that the School Board fears the public may not be willing to vote on money by-laws to cover such large expenditures if asked to do so, in which event the Board may be called upon to consider another program to meet school requirements throughout the city.

My position, briefly, is that if it is the purpose of the School Board to expend a quarter of a million dollars directly or indirectly in connection with the new school building, the board should ask the public to support its estimates in complete form and not introduce a series of minor money by-laws as though the public were easily forgetful of by-laws already voted on.

I have been asking in the council chamber that the School Board classify and complete their estimates, and also for a joint meeting to discuss the proposed extraordinary requirements. Surely my requests are not unreasonable.

May be Wrong.

As an alderman I think I am entitled to express my opinion on these matters. A frank discussion may prove that I am in the wrong, in which case I will be man enough to admit it. There should be enough public representatives in both bodies to show me if I am under a false impression, but no one has yet done so. I am open to conviction.

The utter silence of the School Board on this question is more painful than a straight up-and-down scrap. For mercy's sake start something. The school is badly needed, and the School Board and Council should have a clear and mutual understanding on so vital and urgent a matter.

Thanking you for space, Yours respectfully, CHARLES C. PERRY, Alderman.
