PUTTING LOGS INTO WATER

Big Logs Purchased from Georgetown for Local Mill—Other Activities.

The Prince Rupert Lumber Co. commenced putting logs into the water yesterday at their camp at Shannon Bay, Masset Inlet. They have four logging outfits at work there with about fifty men in the woods altogether. Most of the logs are already felled.

The same company has purchased 800,000 feet of logs from the Georgetown Lumber Co. These were logs that were too large for the Georgetown mill to handle. They will be here in a few days.

On Graham Island there are two mills cutting, the Graham Island Spruce & Cedar Co.'s mill, generally known as Lynch's mill, and Lewis' mill.

The Buckley mill is being overhauled and three camps are putting logs into the water this week. It is understood that this mill will start operations very soon. It is operated by the newly organized Masset Timber Co. Mr. Buckley is expected from the south soon.

TECO ARRIVES FROM SOUTH ON FIRST TRIP

Taylor Co. Motorboat Has Spent Winter Freighting Out of Vancouver. Had Fire.

The deisel motor boat Tecu, Captain McMullin, belonging to the Taylor Engineering Co., arrived in port yesterday afternoon en route from Vancouver to Alice Arm with 250 barrels of Star fuel oil, powder and general freight. This is the first trip of the Tecu north this summer and she has been doing general freighting out of Vancouver during the winter. From now on she will run regularly to Alice Arm taking out the high grade silver ore.

The Tecu had a bad fire while at James Island Powder Works near Victoria this winter when her galley, mess house and cook's quarters were burned out. Fortunately the fire was checked, for the boat was carrying a cargo of gasoline at the time. Her mess quarters have been enlarged and

School Children Carriers of Germs

Every Child Should Be Protected from Colds—They May Lead to Flu.

Medical health officers have found that in many cases children who are themselves healthy are carriers of disease. Children mix so freely and so informally with their playmates that the danger of infection is a real and constant one. These facts show conclusively that parents can not be too careful in paying prompt attention to symptoms developed by their children. At the first sign of a cold in the head immediate measures should be employed to allay the symptoms, particularly as it is well known that many dangerous diseases such as "flu" first appear in the form of a "simple cold."

To break up a cold, tone up the system and reduce the inflammation that accompanies such symptoms there is nothing so good as Grip-Fix. This remedy which has many successful years behind it, is prepared from the formula of a well-known physician. This formula appears on every box of Grip-Fix. You owe it to your children and to yourself to buy the remedy that honestly displays the names of all its ingredients.

All you have to do is to follow directions carefully—Grip-Fix will do the rest. In a single night even a bad cold will be relieved.

Grip-Fix may be obtained at all drug stores for 35 cents a box.

DEATH RESULTS FROM UNIVERSITY BOXING

Lieut. Milton Sternfield of Columbia Dies Following Contest; Opponent Detained.

NEW YORK, March 16.—A boxing exhibition, which was staged by Columbia University students here last night, resulted in the death of Milton Sternfield of Albany, a former army lieutenant and a post graduate student. Sternfield engaged in a sparring match with Andrew Lockett, a sophomore, as one of the events at a smasher-given by the University students. Lockett has been detained pending an investigation of the affair.

OBJECTS TO TRANSFER OF QUARTER INTEREST IN MONTANA GROUP

A writ has been issued in the Supreme Court by John Irving, of Victoria, through his lawyer, F. G. Crisp, against Patrick Day and M. R. Jamieson asking for a declaration that the transfer of a quarter interest in the Montana Group of claims in the upper Salmon River valley was simply a transfer in trust.

The claim is made that the transfer was made by Jamieson to Daly last October, but it was in trust and Daly and Jamieson still possess his interest. Mr. Irving has asked a receiver to be appointed for the quarter interest to satisfy a judgment which he has against Jamieson.

PRINCE GEORGE

Judge Robertson gave judgment in the county court on Friday last in favor of W. P. Ogilvie, the plaintiff in the case of Ogilvie vs. Wimbles over the ownership of the Ruggles Building in South Fort George.

Dan McFee, a well known ship-builder, arrived here last week to rebuild the "B.X.," which was wrecked on the Fraser River forty miles south of here. The vessel will be brought up the river to Prince George under her own steam where repairs will be made.

A further addition to the legal profession arrived here last week in the person of E. V. Finland, of Victoria, who contemplates opening a practice here. Mr. Finland served in the war in the flying corps.

George C. Dymont, who has been connected with various newspapers here, left last Thursday for a six months' visit to England.

James B. Connier, of Francois Lake, was found guilty of assault on his wife and daughter by Judge Robertson last week. A stated case was asked for and Connier will go before the Supreme Court in two months.

A drive for funds is to be carried out in aid of the extension of operations of the local hospital. It is proposed to enlarge the building and equipment.
