FIFTEEN-ROUND GLOVE CONTEST HERE SHORTLY

Chet Neff and Jimmie Clarke, Both Champs, Will Meet for Championship of the Northwest.

Roi Barnes, local boxing promoter, announced yesterday afternoon that negotiations have been completed for the appearance here of Chet Neff, of Seattle, lightweight champion of the southwestern States, and Sgt. Jimmie Clarke of Vancouver, champion of the Canadian Expeditionary Forces. It will be a fifteen-round boxing contest to a decision for the championship of the Northwest. Ben Self has been negotiating with Clarke for some time and Roi Barnes has just completed the arrangements with Neff and the contest will take place in the Westholme Theatre on March 31.

Neff's Record.
Chet Neff is not a stranger here, having fought three times before in the city with Jack Willard, the first time, and subsequently twice with Roughhouse Burns, first fighting to a draw and the last time getting the decision. He is a clever little boxer not of the sudden death kind, but tends more to cool-headed and effective work. He has a long string of victories to his credit in 1919 most of which were won in Arizona and California where he has been boxing lately. In his year's record he has four knock-outs, fourteen wins, six draws and three defeats.

Clarke's Record.
Jimmie Clarke is also a hard customer, having fought his way to the championship of the Expeditionary Forces. He is fighting in Calgary on Friday with Cloney Tate for the Canadian lightweight championship. More particulars of his record will be here later. The fighters should arrive here in about a week's time to finish training. Neff is leaving Seattle on Sunday night and will be here next Wednesday. Clarke will come by rail from Calgary as soon as he is through with Friday's fight. They will both bring their sparring partners and will go into hard training.

LAND REGISTRY ACT.

(Sections 36 and 134.)

Re Application No. 11365-1. File 6274.
TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot thirty (30), Block forty-two (42), Section eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pendency being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of David H. Hays.

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1908 (the date on which the said lands were sold for overdue taxes), you were the Crown Granted owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of David H. Hays unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 7th day of November, A. D. 1919.

H. F. MACLEOD,
District Registrar of Titles.
To Ethel Tate,
Victoria, B. C.

School Children Carriers of Germs

Every Child Should Be Protected from Colds—They May Lead to Flu.

Medical health officers have found that in many cases children who are themselves healthy are carriers of disease. Children mix so freely and so informally with their playmates that the danger of infection is a real and constant one. These facts show conclusively that parents can not be too careful in paying prompt attention to symptoms developed by their children. At the first sign of a cold in the head immediate measures should be employed to allay the symptoms, particularly as it is well known that many dangerous diseases such as "flu" first appear in the form of a "simple cold."

To break up a cold, tone up the system and reduce the inflammation that accompanies such symptoms there is nothing so good as Grip-Fix. This remedy which has many successful years behind it, is prepared from the formula of a well-known physician. This formula appears on every box of Grip-Fix. You owe it to your children and to yourself to buy the remedy that honestly displays the names of all its ingredients.

All you have to do is to follow directions carefully—Grip-Fix will do the rest. In a single night even a bad cold will be relieved. Grip-Fix may be obtained at all drug stores for 35 cents a box.

FERTILIZER AND OIL FROM MUDSHARKS

Company of Returned Men to Operate Backed by Federal Government.

Returned soldiers constitute the personnel of the Veteran Products Company, an industrial concern which is starting operations at Parker Island, just above Montague Harbor.

The enterprise, which will confine itself principally to the capture of mudshark and the reduction of the fish to oil and fertilizer, is capitalized at \$50,000, with plant valued at \$25,000, and judging by the names which appear in the directorate, the business promises to develop in the near future into one of the most important of the kind on the coast. The whole ground has been carefully reviewed, and all the difficulties likely to be encountered have been taken into consideration before the project was entered upon, so that every one connected with the undertaking is familiar with the character of the enterprise in all its details.

With the exception of the managing director the members of the company are all returned men. Captain Shadforth, the president, who is one of the well known coast pilots, served overseas with the mine sweepers; Mr. J. Mitchell vice-president, went from here with the Pioneer Battalion, subsequently joining the Forestry Battalion overseas; Mr. W. J. Scott, the building superintendent, left Victoria with the 67th Battalion, and Mr. A. H. Gunn, secretary-treasurer, left with the 2nd Division A. S. C., transferring afterwards to the Canadian Forestry Corps. Capt. N. T. MacDonald, the managing director, is well known up and down the B. C. coast as a seafaring man, having been skipper of sealers and other craft in this part of the world for the past twenty-five years, and before that being associated with similar enterprises in Nova Scotia.

Two Boats Purchased.

"We are starting at once with the oil refinery. The fertilizer will come after. We expect to be turning out oil within a month or six weeks. We are sending a crew of men up the first of next week to erect the docks, fertilizer plant, oil refining plant, etc., and everything should be under way within a very short time," reported Mr. Gunn, the secretary of the company, yesterday when approached on the matter.

The Dominion Government is backing the project, evidently glad to support an industry which is making capital in such a way from the mudshark, which preys on fish to an extent which is very destructive of this great asset of the coast waters.

When the plant is in full operation there will be about twenty men connected with the concern, all of them returned veterans of the Great War.

The social evening given by the Adair Carrs Chapter, I. O. O. E., in the Burgitt Hall last night was in every way a success. Nearly seventy-five persons were present and the collection amounted to \$25. Cards and dancing passed the evening away only too quickly.

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from this, which, upon examination, can be traced directly to defective eyesight.
