CRIMINAL CODE AMENDMENT IS BEFORE SENATE

An amendment to the Criminal Code of Canada has been introduced into the Senate which provides for a revision of inadequate or excessive sentences by the Court of Appeal. The following is the text of the bill:—

1. When an offender has been convicted of an indictable offence other than one punishable with death, a judge of the court of appeal for the province in which the conviction was had may direct that application may be made to that court for a revision of the sentence passed.

2. Upon any application so made the court of appeal shall consider the fitness of the sentence passed and may upon such evidence, if any, as it thinks fit to require or receive:—

(a) Refuse to alter that sentence; or

(b) Diminish or increase the punishment imposed thereby, but always so that the diminution or increase be within the limits of the punishment prescribed by law for the punishment of the offence of which the offender has been convicted; or

(c) Otherwise, but within such limits, modify the punishment imposed by the sentence.

3. A judgment whereby the court of appeal so diminishes, increases or modifies the punishment of an offender, shall have the same force and effect as if it were a sentence which might have been passed upon the offender by the court before which he was tried.

With the departure of Harry Day for Whitehorse tomorrow, Prince Rupert will lose one of her star baseball players. Harry will spend the summer in the north but expects to be back in the fall. He has been offered a good position and plenty of baseball is played there so it is probable that we shall hear during the summer of his performances in the north. Although the Rupert

LAND REGISTRY ACT.

Re Application No. 11365-L. File 6274.
 TAKE NOTICE that application has been made to register David H. Hays, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the collector of the City of Prince Rupert, bearing date the 23rd day of October, 1919, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot thirty (30), Block forty-two (42), Section eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News, Prince Rupert), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of its pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be forever estopped and barred from setting up claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of David H. Hays.

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1908 (the date on which the said lands were sold for overdue taxes), you were the Crown Granted owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of David H. Hays unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this 7th day of November, A. D. 1919.

H. F. MACLEOD,
 District Registrar of Titles.

Colds Bring 'Flu; Check Them Now!

Take Grip-Fix and Avoid the Chance of Severe and Dangerous Complications.

"Jump right on every cold when it first appears and your chances of escaping 'flu are good." "Take care of yourself and you are safe." These expressions sum up pretty well the advice that physicians are giving their patients just now.

Suppose you could find a remedy that would knock a bad cold in a single night and do the work safely and surely, you would feel fairly safe from the 'flu, wouldn't you? Well that remedy has been found. Just walk into any drug store. Say "Grip-Fix" and get the box that contains the reliable little capsules that always do the trick.

Grip-Fix is prepared from a formula a well known physician has been using for many years to check colds. Its contents are plainly printed on every box. If you are afraid of preparations sold over the drug counter, submit the formula of Grip-Fix to your family doctor and ask him what he thinks of the combination of drugs it contains.

Grip-Fix has a record behind it. Thousands of serious colds have vanished through its agency. It is put up in the easily assimilated capsule form and is perfectly safe to take. Just follow the directions carefully—Grip-Fix will do the rest.

You can get Grip-Fix from any druggist at 35 cents per box.

fans will be sorry to see him go their best wishes will follow him and they will all be glad to welcome him back before winter sets in.

Meanwhile if Prince Rupert is to maintain her enviable position as the champion baseball town of the north it will be necessary to find some new recruits and good ones too. It is true there are already some good ones here like old heavy hitter Clem and short stop Wallace Anderson, but there are not enough to fill all the positions in order to meet some of the rival teams that will want to play Rupert this summer. It is believed that Ben Self will be able to relieve the minds of the fans considerably when he returns from the south as that is one of his objects on his trip. He has the obtaining of a pitcher specially in mind and with the departure of Harry Day that is the most important question right now.

Basketball enthusiasm seems to have petered out if one would judge from the small attendance that has characterized the recent games. A reason that some advance for not going is that they do not care to climb the hill to the Exhibition Hall. Despite these reasons those interested in sport should turn out because good attendance at the games means more money for the Athletic Association. Financially the association is not in good shape and money must be provided to equip the gymnasium. With these games they are making an honest effort to pull out of the hole and get ahead and the officials cannot be blamed for feeling disappointed at the way the public is responding.

The announcement made yesterday that boxing enthusiasts would have another opportunity to see a real encounter was met with enthusiasm in sporting circles. Chet Neff and Jimmie Clarke have not yet met, but they are considered to be well matched. Both have a reputation for gameness and skill and the exhibition should be a good one. It is some years since a real boxing contest has been witnessed in Rupert. There has not been one since the war commenced, so the many lovers of the fist art are very pleased.

Last Saturday's football game drew a big crowd and football men say that soccer is going to be the king sport here this year. Although this will be disputed by baseball people, still the enthusiasm that was displayed on the football field last year showed that there are many who take a great interest in the game. The organizers of the teams last Saturday showed a lot of good judgment in their selection and though some people thought the game was slow it was nevertheless well contested and the excellent back work was responsible for the lack of goals scored. A small score is generally indicative of a good game.

F. W. Bohler, a Kitsumkalum farmer, arrived in town on the train Tuesday night. Mr. Bohler reports that all the snow has disappeared around Terrace although there is still some left at Kitsumkalum.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
