Relief for Cities Under New Bill.

Under a bill which has been introduced into the Legislature by the Minister of Finance the amusement tax is to be increased very considerably and half of the amount will be given to the cities or municipalities in which it is collected, the amount to be used for the upkeep of schools and hospitals. In addition to this the Government is taking off the provincial poll tax and is giving the cities and municipalities the power to collect a five dollar tax in its place. These two amounts will add very considerably to the revenue of the cities and, while it is nothing like all that was asked, is a valuable concession. It is not clear just how much it will amount to in Prince Rupert, but it will be enough to help along the schools and hospital appreciably.

Other Changes In Tax Collections.

Another change which is being made by the Provincial Government in connection with the collection of taxes is the placing of a graduated tax on automobiles in place of the present ten dollar flat rate on all cars. This tax will still go into the provincial treasury but will be used for the construction of trunk roads. Unhappily Prince Rupert is so situated that at present she gets no benefit from these trunk roads except when citizens visit the outside. It will, however, be an advantage to the province to have the roads. The change in the form of the tax will not affect Prince Rupert very considerably as most of the cars here are small ones.

Unearned Increment Tax Proposed.

The Minister of Finance is proposing to impose a tax on unearned increment. Those who receive income through no effort of their own but simply through the increase of value of natural resources will have to pay the Government a part of the increase. This is in line with the most advanced ideas in taxation and will in all probability meet with general approval. It is so far only a suggestion, but if it meets with the approval of the people it is to be assumed it will be adopted in the near future.

Dual Income Tax To Be Discussed.

The Minister of Finance proposes discussing with the Dominion Government the question of income tax with a view to preventing the duplication of work, and also the duplication of forms to be filled in. It takes an immense lot of work in a business house getting out all these forms, and is one of the considerable expenses to be considered in conducting a business. Between the queries from the industrial department and from the tax collecting department, one person is kept busy a good deal of the time. If Mr. Hart can relieve the business people from part of this work it will be worth a great deal to them and will tend to keep down the cost of living.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of Influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.
