**Mrs. Mc Cooks Everything**

Mrs. Mc— has sent a salad dressing recipe which we will print a little later in the season. One of our men has taken it home for his wife to try.

Mrs. Mc— says she uses Pacific Milk for everything in the line of cooking, and as for coffee, it cannot be beaten. There are great stacks of letters making similar statements.

**Pacific Milk Co. Limited**

332 Drake St., Vancouver, B.C.  
FACTORY AT LADNER, B.C.

**IN THE LETTER BOX**

**TO WHOM IT MAY CONCERN:**

As I was instrumental in almost compelling the late Mrs. Jane Eastment, whose malady had been pronounced incurable by her medical doctors, to avail herself of Christian Science treatment, I feel that, in justice to all concerned, an explanation is needful. Christian Science heals only when its spirit and letter are adhered to, and I regret to be called upon to say that Mrs. Eastment did not comply with the rules of Science, for she resorted to material medicine whenever she thought it might relieve her. Then, too, her sympathising friends, not realizing the harm they were doing, would often state in Mrs. Eastment's presence that she was getting no better, but was failing all the time. And again, when the Scientists were working, doctors were called who reaffirmed that her affliction was incurable. Christian Science does not promise good results where such a state exists.

Were I a finished Scientist, I would not make these statements, for Christian Science embraces the beautiful principle of turning the other cheek, but I am yet upon a lower plane that will admit of justice and fair play to even those who would willingly allow themselves to be unfairly dealt with.

Yours in sincerity,  
HOBERT PARROTT.  
Prince Rupert, B. C.

**LAND ACT**

VANCOUVER LAND DISTRICT—DISTRICT OF COAST, RANGE III.

TAKE NOTICE that J. C. Clausen of Ocean Falls, B. C., occupation superintendent of logging, intends to apply for permission to lease the following described lands:

Commencing at a post planted 2 1/2 miles in a northerly direction from the northwest corner of Lot 897 on the west coast of L'Anse-au-Loup Island; thence north 40 chains; thence west 40 chains; thence south 40 chains; thence east 40 chains to point of commencement and containing 160 acres, more or less.

J. C. CLAUSEN.  
Date January 21st, 1920.

**WATER NOTICE.**

DIVERSION AND USE.

TAKE NOTICE that M. P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 50 cubic-second-feet and to store about 400 acre-feet of water in Clearwater River which flows southerly and drains into the Kitsault River about 2 1/2 miles from the head of the inlet of Alice Arm.

The storage-dam will be located near natural outlet of Clearwater Lake. The capacity of the reservoir to be created is about 450 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at storage dam and will be used for power for mining purposes upon the mine described as the Chimax Group.

This notice was posted on the ground on the 26th day of January, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of his notice in a local newspaper.

M. P. OLSEN, Applicant.  
The date of the first publication of this notice is February 5, 1920.

**IN PROBATE.**

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATION ACT — and —

IN THE MATTER OF THE ESTATE OF JOSEPH BROWN, DECEASED.

TAKE NOTICE that in order of His Honour F. McB. Young made the 3rd day of February, A. D. 1920, I was appointed Administrator to the estate of Joseph Brown, deceased, and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

JOHN H. McMULLIN,  
Official Administrator.  
Dated this 6th day of February, 1920.

**LAND ACT**

IN THE SKEENA LAND DISTRICT—DISTRICT OF QUEEN CHARLOTTE ISLANDS.

TAKE NOTICE that Thomas B. Strain, of Vancouver, B. C., occupation returned soldier, intends to apply for permission to lease the following described lands:

Commencing at a post planted on the shore on Sewell Inlet about 3 miles distant in a westerly direction from the entrance of Sewell Inlet; thence 5 chains south; thence 40 chains east; thence to shore; thence following the shore line to point of commencement and containing 20 acres, more or less.

THOMAS B. STRAIN,  
W. E. Green, agent.  
Dated 26th October, 1919.

**Mining News**

It is interesting to note for comparative purposes that British Columbia, with an estimated decrease of about 20 per cent in the value of mineral production for 1919 as against that of 1918, has to her credit a much better showing than the chief mineral producing states of the United States. Official figures as follows substantiate this statement—Arizona, decrease 46 per cent; Montana, 46 per cent; Utah, 47 per cent; Nevada, 52 per cent; California, 36 per cent; Colorado, 35 per cent; Idaho, 47 per cent; and New Mexico, 60 per cent.

The decrease noted in British Columbia was, of course, based upon the province as a whole and not upon this district, although there was a decrease in copper production here as well as in other parts. It will be safe to say that the production in the north coast district this year will exceed that of last because there will be a number of new shippers. Silver and gold will probably show the greatest increase, as it is probable that copper will not resume its great demand.

George E. Macdonald, general manager of the Pacific Great Eastern Railway, has resigned to take the position of general manager of sales distribution and traffic of the Blackstone Coal Co. of Edmonton. The mines are located in the foothills about 50 miles west of Edson at the mouth of Yellowhead Pass. The coal is bituminous and is said to be equal in quality to the Vancouver Island coal. The shipping capacity is now 1000 tons per day. The mines are owned by Messrs. C. W. Cross of Edmonton and Cameron and Davidson of Vancouver.

Queen Charlotte Island people are still confident that coal mining and oil drilling will yet become potential industries on the islands. They say that in time the Queen Charlotte Islands will become as thickly populated and as productive as Vancouver Island. The present oil drilling operations are being watched with a good deal of interest in all parts of the mining world and the importance of the discovery of actual quantities there would mean much for the Northern country and Prince Rupert as a distributing centre. If coal and oil became realities there, Prince Rupert would lack nothing to make it as great a commercial point as Vancouver is today.

Atlin hydro-magnesite is again being shipped to England after several years' lapse owing to the war. Last week, Nichol Thompson of Vancouver shipped the first consignment since 1914 of 50 tons. Shortly after the war began his principals, Mahor Limited, of London, ordered 200 tons, but immediately after the first fifty tons had been despatched shipment was discontinued for the reason stated. For more than two years Mahor Ltd. have been paying for storage in Vancouver.

In his bill to amend the mineral survey act, Hon. William Sloan believes he has a measure that will drastically curb, if not actually bring to an end, the activities of "wild cat" promoters. One of the prime objects of the bill is to ensure that money invested in mining and other enterprises will be spent in actual work, and "not for the benefit of brokers and promoters whose chief interest is commission." Promoters of mining companies must not only file their prospectuses with the registrar of joint stock companies, but also with the resident engineer of the district. The latter is to report on the truthfulness of the claims set forth in the prospectuses.

**MIXED GIRLS' TEAMS PLAYED BASKETBALL**

The Dry Dock Girls and the Maple Leaf met in a basketball game on Saturday afternoon in the St. Andrew's hall and the former were successful by a 3-1 score. Neither teams were complete so the result cannot be assumed as a defeat for the Maple Leaf team proper. Isabel Kelly and Inez Ross did some good playing for the Dock. Frank Tinnetti refereed the game very satisfactorily.

**SATISFIES SAVES SERVES**

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

**WEE MacGREGOR SAW MANUFACTURING CO.**

310 Granville Street Vancouver, B.C.
