Halibut Catch

For Month Large.

The halibut catch for the month of March was higher than for the corresponding month of last year. The price, however, was not quite so high owing to difficulty often in securing cars. The catch for the month was 1,483,000 lbs. The establishment of this fish market is so secure that nothing can break it.

Resolution

Regarding Training.

The Ottawa despatch Thursday telling of the resolution in regard to the establishment of physical training for all young men between the ages of 18 and 25, is a very interesting one. The real idea behind the resolution is the introduction of compulsory military training.

The country is very much divided on the question of military training. No one really likes militarism in any form, but unfortunately we have not yet arrived at such a state of perfection that we can expect any war to be the last war. If we are to be a democracy we must be prepared to defend that democracy.

A standing army is usually a menace. In place of it a trained militia is necessary. This may be done through volunteer militia, but the opinion is growing that every man who is a citizen should be prepared to defend his citizenship. If democracy is worth anything, it is worth fighting for in time of need.

There is a possibility that the physical training suggested has little to do with military training. In that case it might be better to encourage the boys to train voluntarily as anything compulsory is usually distasteful.

Iron Smelting in

This District.

A. C. Garde in an interview recently in a Vancouver paper says in regard to the establishment of a smelter:—

"The establishment of iron smelting works in British Columbia has long been talked about and the claims of various places taken into consideration. In view of the importance of establishing a smelter or iron works, the location where ore, coal, water and transportation facilities are to be found is a very important factor. I have spent ten years in the north and the new field along the Grand Trunk Pacific railway which is popularly known as the Copper River district is very rich in all the necessary ores for the establishment of a smelter or iron works.

"Limonite is found there in very large quantities and this ore, which is a redeposited one, is better than magnetite for the purpose of smelting. There are several million tons available—not in the way a layman would say, but by actual measurement of reliable engineers, including officials of the government. Coking coal is also to be found in immense quantity, and as this is far superior to ordinary coal the presence of this coal is of immense importance. Fluxes, chiefly lime, which are used in smelting abound in the district, whilst the transportation facilities are of the best.

"There is very little doubt that in a few years iron smelting will be carried on by means of electricity, and in view of this the selection of a suitable location becomes more important than ever, although I think that for a time at least the works which are erected should be run on the present system until the electric process is perfected. In the Copper River district the water power is eminently suitable for the creation of electric power. One hundred miles of railway have already been built and, as the ground covers all of 150 miles it can readily be seen that the cost of an additional 50 miles of steel would very soon more than pay for itself and open to the world a field of surpassing wealth."

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza all over Canada

GOOD HEALTH IS THE SUREST SAFEGUARD

"FRUIT-A-TIVES" Brings Vigor and Vitality and Thus Protects Against Disease

There can be no doubt that the situation regarding the spread of Influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 20th to February 21st, three thousand, one hundred and twenty-two cases of Influenza and 189 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives", the wonderful fruit medicine.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of Influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

LAND REGISTRY ACT

THE Application No. 11085-1, File 6207. TAKE NOTICE that application has been made to register Edward H. Mortimer, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 19th day of July, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Seven (7), Block forty-one (41) Section Eight (8), (Map 923). You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which may be effected by publication in the Daily News), and your attention is called to section 4 of the Land Registry Act, with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them and persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes.

AND WHEREAS application has been made for a Certificate of indefeasible title to the above-mentioned lands, in the name of Edward H. Mortimer.

AND WHEREAS on investigating the title it appears that prior to the 14th day of September, 1915 (the date on which the said lands were sold for overdue taxes), you were the registered and assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of indefeasible title to the said lands in the name of Edward H. Mortimer unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

DATED at the Land Registry Office, Prince Rupert, B. C., this 20th day of August, A. D. 1919.

H. F. MACLEOD, District Registrar of Titles. To Paul Harman, Esq., Care Royal Bank, Canada, Prince Rupert, B. C.
