SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from this, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.

GERMAN TROOPS ADVANCING IN RUHR DISTRICT

Very Little Resistance From the Communists Except in Small Triangle.

DUSSELDORF, April 6.—The advance of the Reichswehr in the Ruhr region continues and Oberrhein, Dortmund, and Luedenscheid were occupied today. Only a few hundred communists offered any resistance.

Communication with the occupied towns has been cut off.

Berlin, April 6.—Government forces lost 200 men, killed in fresh fighting in the triangle formed by Duisburg, Dortmund, and Essen, according to official information received here. Except for the trouble in this triangle, quiet is gradually being restored in the Ruhr district.

DISCUSS STREET IMPROVEMENTS

Board of Trade Committee to Interview City Authorities to Secure Information.

At the regular meeting of the Board of Trade held last night, M. P. McCaffery asked if any reply had been received from the city in regard to the recommendation made to them by the board containing a report by J. H. Pillsbury on street paving.

This precipitated a general discussion of the question of roads and sewers in which a number of the members took part. Mr. Pillsbury expressed an opinion that improvement of the streets and sewers should take precedence of any investment in hydro-electric plant, which might well be left to private enterprise, as all the city's resources would be needed to cope with the street and sewer work.

Mr. Maguire proposed that an expert engineer should be employed to lay out a sewer system, but it was pointed out that this had already been done several years ago and the report was available on file.

John Dybhavn said he believed it was the policy of the city board of works to crown the business streets with granite and bring them to grade.

Finally, on the motion of H. F. Pullen, it was decided that the president should appoint a committee of three to interview the civic authorities to secure information before the board went on record regarding any particular line of policy. This committee will report back to the board in the near future.

The report of the harbor and navigation committee of the Board of Trade in regard to recommending a new wharf at Sandspit, Q. C. I., was referred back for further consideration on the receipt of a further letter from Captain Gillett on the subject.

HAYS CLAIMS DAMAGES RESULT BAD SEWER

Lost Tenants and Had Extra Plumbing Expenses—Will Sue if Not Paid.

Through his solicitors, Patmore & Fulton, David H. Hays is making application to the city for damages to the extent of \$175 incurred at the Hays Block on account of the sewer trouble there last fall. Owing to a faulty sewer at that time several of Mr. Hays' tenants left the building and he lost otherwise. The claim was based on one month's rent of \$125 lost by J. F. Mullen vacating, \$30 by the loss of the Indian office and \$20 plumbing expense. The letter from the solicitors to the council last night threatened that if the \$175 was not paid legal proceedings would be instituted for all the amount lost.

Alderman Perry was in favor of paying the claim outright and thought that it was well based. Alderman Dybhavn, however, felt that the matter should go to the city engineer and city solicitor before payment was made. This was the action taken.

DAUGHTER OF WOLF STARS LILA LEE

Lila Lee, star in "A Daughter of the Wolf," is rapidly becoming one of the best known and most admired stars in the screen firmament. This is her sixth picture and in each she has played a different kind of role and has proved equally capable in each characterization, however much it varied from the preceding one. All this is proof of remarkable versatility as an actress.

Miss Lee is still in her "teens" and her youth, beauty and vivacity immediately appeal to all who view her productions. In each new picture she has seemed to outdo her efforts in the former and her application to and love for her work is rewarded with a constantly increasing popularity.

J. F. Maguire drew to the attention of the Board of Trade the fact that both the local telegraph offices closed at midnight. This he thought should not be in a city this size. The commissioner will take the matter up with the management of the offices.
