BRITAIN FEARS NO DIFFICULTY FROM PERSIANS

Negotiations With Soviet Russia by Persia Not Believed to be Against Interests.

LONDON, April 8.—British official circles declare themselves not alarmed at the reports that the Persian Government manifested willingness to conclude an understanding with the Russian Soviet Government which in some questions was interpreted as meaning that such negotiations might be a preface to military action which would menace British interests in Persia. The British view is that the contemplated negotiations would pertain only to economic matters leading to an agreement similar to those already concluded or in process of execution between Soviet Russia and some of the European governments.

It is recalled that the Lenine government, some time ago, approached Persia offering to cancel all treaties and appoint consuls favorable to Persian matters. It is believed that the latest developments are merely manifestations of the Persians' willingness to accept the Russian offer.

RUSSIANS DISARMED BY CHINESE AUTHORITIES

Force of 8,000 Crossed Border Into Mongolia Fleeing From Bolsheviks.

(Special via G. T. P. Telegraphs.)
LONDON, April 7.—A Pekin despatch says 8,000 troops and 1,200 officers, part of the forces of General Dutoff, inspector general of cavalry in the all-Russian army, were closely pressed by the Bolsheviks and crossed the Mongolian frontier on March 26 at Chaguchak. They were disarmed under the agreement by the Chinese authorities.

How to make your old suit last

"It is not every man that can afford to wear a shabby coat," Robert Colton once wrote.

The words hold as true now as when first written, three-quarters of a century ago.

Nevertheless it is needful today to make the old suit last—though not at the expense of becoming tattered.

Between the costliness of clothing at the one extreme, and shabbiness of them at the other, there is a middle ground where economy and good appearance meet.

Our modern dry cleaning establishment is this middle ground. Here our experienced cleaners can tune up your old clothes and preserve your new.

Every person realizes the business advantage and the social value of clothes well cleaned and neatly pressed, but there is more in these details than improvement of "looks" alone.

Ask your tailor or your clothier. They will inform you that apparel frequently pressed, and cleaned at intervals of two or three months, will wear from 25 to 50 per cent longer than clothes that are not so considerably cared for.

There is a sound reason for this. You wash your linen when it becomes soiled—it is a matter of self-respect and personal hygiene, of course, but it is also true that if left unwashed your shirts would wear out much more quickly.

Perspiration, oils, grease, and fruit juices have a corrosive effect; dust and dirt have a grinding action—your outer clothing needs purging of these equally as much as does your linen.

The cleansing gasoline baths used in our dry cleaning process, and the pressing of the presser, with hot steam working through the fabric, have a sterilizing action—your apparel is made, by our scientific treatment of each garment, as immaculate outside as inside, it keeps its shaper better, and is saved from tell-tale shininess.

Your old suit will last longer, and your new suit will do double duty if you will more frequently use our modern cleaning and pressing service, which is specially organized to meet your individual needs.

Get started on the road to clothes economy. We offer you prompt delivery and all the advantages of our up-to-the-minute dry cleaning methods. Telephone us today.

PRINCE GEORGE

The Provincial Police entertain grave fears for the fate of an old time trapper named McKeechran who had a long line of traps on the Little Salmon River. His cabin is deserted and he has not been seen since Christmas.

The death occurred last Tuesday night of Peter Demarary, a war veteran of this city. A sad circumstance of the death is that the deceased leaves a wife and eight children.

T. D. Pattullo, the provincial minister of lands, has recommended that a post office of substantial character to fill the needs of this city for some time to come be erected. Mr. Pattullo, in his letter to the Dominion architect, dwells upon the importance and future development of this city.

News that the municipal library will be opened shortly has been received with a good deal of pleasure about the city. Alleyne Wright has offered his services free to the city council and the public spirited offer was immediately accepted.

There was born to Mr. and Mrs. Alex. Hunter, of this city, on March 27, a son.

Archdeacon B. Fortin, of Winnipeg, one of the best known figures in early Canadian Church history, who has been spending the winter in California, passed through the city from the boat to the train yesterday on his return to Winnipeg. The archdeacon expresses himself as charmed with the coast climate.
