With Music, Song and Dance

Millar, Mrs. Captain, Miss Beatrice Killen, Robert Robertson, William Murray and Ed. Ross sang solos which were fully appreciated. Joe Brown, and Ray McDonald proved delightful reciters.

During the course of the evening Mrs. Reid, president of the Ladies' Auxiliary, presented to the society the sum of \$250, the results of the efforts for fund raising by the auxiliary. This is to be divided between general society funds, the pipe band and the football association.

A certificate of welcome was tendered by the chairman, S. D. Macdonald to Jock Campbell, one of the boys who served long overseas and returned a few months ago. A welcome was also extended to Mr. and Mrs. Woods, of Aberdeen, who have come to this country to settle. Mr. Woods is engaged in the fishing business.

During an intermission refreshments of the usual high standard provided by the society were served and fully enjoyed.

DIFFERENCE IN CAUCUS OVER FRANCHISE ACT

**Liberal Unionists Want it Drawn
on National Lines.**

(Special via G. T. P. Telegraphs.)
OTTAWA, April 10.—Sir Geo. E. Foster pleaded in the Unionist caucus yesterday that a Franchise Act drawn on broad national rather than political lines would best become Canada now that war is over. He did not carry with him all Conservative Unionists. Liberal and western Unionists have always favored more or less openly this policy, but there is a small group of Ontario members who declare that the Government is simply drawing a razor across its throat by allowing aliens of western Canada to have the vote. Certain Conservative Unionists say that they will move an amendment to the Franchise Act as the bill is reported, in order that they may have the opportunity of lining up the members personally on the question.

It is maintained that France gave Great Britain ample warning on April 6 that France considered it necessary to take military steps if Germany failed to withdraw her troops. The note concludes with the expression of the wish of France to act in accordance with the wishes of the Allies.

The British Foreign Office has not stated what form the warning to France took. Officials here, however, view the reply as conciliatory and it has relieved the tension of yesterday.
