Sunday Concerts

Should be Encouraged.

The enterprise and public spirit of the organizers of the Sunday concerts is most commendable and it will be a thousand pities if the people who attend do not make it possible to continue the series until the fine weather sets in. A great deal of work is involved and it is for the people of the city to show their appreciation by giving with sufficient liberality to insure continuation. The concert of last night was worth, commercially, anything from one to two dollars, but very few of those who attended paid anything like that sum. It is only the fact that it is a Sunday night event that makes it possible to continue.

Rule of Road

IS to Be Changed.

The rule of the road is to be changed, and drivers will have to pass on the right instead of on the left as heretofore, if the bill recently introduced passes the Legislature. Unfortunately the cost of changing all the cars on the B. C. Electric Railway at Victoria and Vancouver will be so great that it was impossible to make the change there without giving suitable notice.

During the last few years hundreds of cars have come from the States into Canada and Canadian cars have gone south into Washington state and farther down the coast. The result has been that there has been much confusion among drivers. When British Columbia falls in line with the rest of the continent in the matter of the rule of the road, this confusion will be eliminated and the danger of collision lessened. We had to fall in line some day. Why not now?

Impressive Ceremony

At Prince Rupert Club.

There was an impressive ceremony at the Prince Rupert Club yesterday when a bronze tablet was unveiled in honor of the members who lost their lives overseas. There was a feeling of solemnity in connection with the occasion which befitted the event. Hymns were sung at the club for the first time in the history of the institution and members showed that they appreciated the sacrifices that their fellow members had made and revered their memory.

Apartment Houses

May Solve Difficulty.

The difficulty of housing in this city may be solved by the erection of apartment blocks. Several are being planned, and will be erected if the cost is not too great. The difficulty is to find contractors who will tender on big buildings, as the cost of material is always on the move upward and no guarantee is given by dealers that there will be no advance before the completion of the work.

BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well,
Strong and Vigorous

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
