Miss Fletcher

Old Fashioned

Miss S. Fletcher says she keeps
house for her brother in a little
town on the Coast. "I am quite
old-fashioned in my ways, and
many say they like the old ways
of cooking. Perhaps they're
only flattering an old woman."
At any rate she says that all
her cooking is done with Pacific
Milk and that so far as her ex-
perience goes she prefers it
to fresh milk. "Though I was
raised on a farm," she adds.

The handsome silver cup which was won by the Colts baseball club in 1914 in the Exhibition play-off with the Port Simpson Indians is to be put up for competition in the Junior League this year. Such is the decision that has been reached by the members of the Colts still left in town. It is the object to foster the interest and enthusiasm of the younger boys in town in baseball and give them something worth while to compete for. To become the winners, a team will have to win the trophy two years in succession. The cup, which is considered one of the finest ever offered in the city, is now in the hands of R. W. Cameron, who has it on exhibition.

The Junior Leaguers have not, as yet, decided when they will open the season but they have already begun to practice on the Market Square and the boys are anxious to go. Players are already being signed up and there will be, in all probability, four teams in the running. These will be the Dry Dock, Colts, Red Sox, and the Bankers. With the donation of the fine cup to the league they are given a generous start and they hope to have the general support of the public in buying uniforms and various equipment.

Since the Terrace baseball fans and players got busy and organized a baseball club, word has been received that both Smithers and Telkwa have got their arrangements for teams under way. With Anyox and Stewart also organizing, this makes baseball fairly under way in the district. Although nothing definite has yet been given out, arrangements are now being made to have the opening games in Prince Rupert about the middle of next month. It is understood a campaign will be launched in the near future for monetary support for the sport in this city under the same auspices as last season.

It is wonderful how one fine day affects the piscators of this city. Since yesterday in more than one quarter gossip as to haunts in the jungles, where the wary trout may be beguiled, has been heard. The recent weather has made it impossible for the fishermen to get out and enjoy the fishing with any degree of comfort, but with fine days in sight it is safe to say that another week end will not go by without seeing parties hieing them hence to various secluded fishing grounds.

Several thousand fans broke up an exhibition game between the New York Americans and the Brooklyn Nationals on Ebbett's field last Sunday in a great demonstration for "Babe" Ruth, the home run king of baseball. With the score 11 to 0 in favor of the Yankees, and Brooklyn just about done in the tenth inning, a fan started across the field to shake hands with the premier long distance hitter who had knocked a three bagger and a single and scored three runs during the game. Before he could be stopped several hundred fans started to follow him and after several minutes' delay in which time the umpires and police endeavored to clear the field, the game was called.

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted. When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. HAZELTON

Miss Wallace and Miss Ketchison, the teachers at New Hazelton and Hazelton respectively, entertained their Hazelton friends Thursday night. Cards and music were indulged in, the winners being Mrs. C. H. Sawle and Bert Wattie.

Mrs. Cupitt and Miss Mayer arrived from the coast on Wednesday to join the staff of the Hazelton Hospital.

The bridge over the Kitsequecla River at Skeena Crossing, which was washed out last December, will be rebuilt this spring. The timber has arrived and work will be started as soon as weather permits.

The G. T. P. shovel outfit have started work here three weeks earlier than usual this season. The outfit will spend most of the season here.

CANADA SENDS AID TO STRIKE

Defections Occur From Ranks and Improved Conditions Reported in Western Centres.

CHICAGO, April 14.—Reports from railway centres in the central and far western states, indicated a general improvement in the strike conditions. Although the leaders of the insurgent switchmen and yardmen strenuously denied that serious defections had occurred in their ranks, the railway heads and officials of the brotherhood, who are fighting the unauthorized walkout, declared the strike in western territory was gradually dying out.

WASHINGTON, April 14.—Evidence in the hands of the Department of Justice that help is being sent from Canada for strikers participating in the unauthorized railroad strike, according to Assistant Attorney-General Garvin. He did not know the extent of this aid. Labor leaders of the I. W. W. type, he said, had been traced from Canadian boundary cities to various trouble centres.

The principal efforts seemed to be to break the ranks of loyal shop workers. Officials admitted last night that they saw signs of an attempt to expand the railroad strike into "One phase of a world revolution."

We offer steam coal in car load lots \$7.00 per ton f. o. b. car—Albert & McCaffery.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that M. P. Olsen, whose address is Alice Arm, B. C., will apply for a licence to take and use 50 cubic feet of water out of Clearwater River which flows southerly and drains into the Kitsault River about 22 miles from the head of the Inlet of Alice Arm.

The storage-dam will be located near natural outlet of Clearwater Lake. The capacity of the reservoir to be created is about 450 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at storage dam and will be used for power for mining purposes upon the mine described as the "Linnax Group."

This notice was posted on the ground on the 26th day of January, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of his notice in a local newspaper.

M. P. OLSEN, Applicant.
The date of the first publication of this notice is February 5, 1920.
