Miss Fletcher

Old Fashioned

Miss S. Fletcher says she keeps house for her brother in a little town on the Coast. "I am quite old-fashioned in my ways, and many say they like the old ways of cooking. Perhaps they're only flattering an old woman." At any rate she says that all her cooking is done with Pacific Milk and that so far as her experience goes she prefers it to fresh milk. "Though I was raised on a farm," she adds.

NEW FACTORY . IS ADEQUATE

Shockley Wood Working Establishment at Cow Bay in Position to Handle Increased Business.

The new woodworking shop at Cow Bay, into which E. H. Shockley has moved his increasing business, is a decided acquisition to the waterfront. The quarters are commodious and provide ample space for the machinery and stock.

Since moving Mr. Shockley has installed a complete equipment of woodworking machinery for the manufacture of local spruce. At the present time the staff is busy preparing dressed stock for the coming season. Boatbuilding is being especially catered to by the carrying of a stock of hardwood and boat lumber.

The equipment includes machines for general wood working and moulding. With the increase of demand for finished lumber Mr. Shockley found his quarters at Grenville Court altogether too small and has now moved his plant to Cow Bay where all the work is carried on.

POSSIBILITIES OF THE TEL-EL VALLEY

Messrs. Lineham and Lewthwaite Suggest Development of Fine Country.

That the Tel-el Valley has immense agricultural possibilities is the opinion of Arthur Lineham and W. A. Lewthwaite, both of whom are interested in the oil boring on Queen Charlotte Islands. The Tel-el Valley is not far from Skidegate on Graham Island. It is low lying and the Tel-el river is sluggish and often overflows. The meadows, however, are very rich and, if ditched and the impediments in the river removed, would be very valuable. Mr. Lewthwaite has had to do with sugar beet growing in the past and he thinks this valley would be ideal for the purpose. It would provide work during winter and the cattle would use the pulp after the sugar had been extracted. Both visitors suggest that the government would find this an ideal place at which to encourage settlement. There are something like ten thousand acres of open land there and the possibilities of development are very great.

Messrs. Lineham and Lewthwaite are both very confident of success in their boring operations. If they do not strike oil they feel sure that they will find coal, so that in any case the work will not have been fruitless.

BOYCOTT POTATOES AT SEATTLE TABLES

Caterers Resent Having to Pay \$200 a Ton for Common Tubers.

SEATTLE, April 15.—As a protest against selling at \$200 a ton potatoes have been put under the boycott of the Seattle Caterers' Association and after Friday will disappear from the menu of the establishments of every member until the price has reached normal levels.

More than 100 Seattle restaurants are represented in the association.

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases—of consumption—of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick—and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted. When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. SOVIET AMBASSADOR TO UNITED STATES

Has been Associating With Revolutionaries and May be Subject to Action.

(Special via C. T. P. Telegrams.)
WASHINGTON, April 15.—The Senate committee investigating the case of Ludwig C. A. K. Martens, the self-styled Russian Soviet ambassador to the United States. It was found that while Martens had not been openly engaged in advocating the overthrow of the United States Government he has publicly associated with and sympathized with those who do advocate such a course.

The report declares Martens' activities subject him to action by the Department of Justice.

BAPTIST CHURCH HAD CORNER CLUB BANQUET

Feasting, Music and General Good Fellowship Passed Evening Away.

The "Red" section of the Baptist Corner Club entertained the "Blues" to a "Blue Supper" on Wednesday evening when about fifty young people gathered to share common fellowship and an evening's entertainment.

A sumptuous banquet was served in the gaily decorated church hall and the tables, at the hands of the young ladies, were made a work of art.

P. Linzey expressed the greetings of the Corner Club and was suitably replied to by Miss M. Cosgrave, the club president. Mrs. N. L. Rose conveyed the congratulations of the Reds to the opponent Blues who were successful in the recent membership drive. I. H. Plint replied in fitting terms on behalf of the Blues.

Mrs. L. P. Wright and E. G. Craigs sang and W. Vaughan Davies gave a piano solo. The appreciation of the club was manifested by the frequent encores.

A special feature of the program was the humorous reading by J. C. Brady. A brief and interesting talk was given by Rev. James Dunlop, pastor. W. Vaughan Davies was the accompanist for the evening. The singing of "O Canada" brought the rather unique evening's entertainment to a close.

Make a real job of it.

PAINTING becomes necessary as your property increases in value, and as property was never so valuable as today there is a greater need than ever for that kind of paint which actually preserves the surface and thus saves the entire house. This spring, to make a real job of it, use

B-H PAINT

because it combines permanence, covering capacity and economy.

If B-H "English Paint" was dearer than it is, it would still be the most economical—the shorter life of other cheaper brands makes them more expensive in the end.

It contains the famous Brandram's Genuine B.B. finely-ground white lead—70%—to which is put 30% of pure zinc—a guaranteed formula that no other paint can boast. To this mixture is added fine turpentine and linseed oil from the B-H mills, which is of a quality in keeping with the other ingredients.

When you use B-H Paint you will notice its "body" and brilliance—you will compare the extreme covering capacity with other brands—the permanence you will be able to prove by other exteriors painted with B-H paint years ago.

This Store sells B-H Products—Color cards free on request.
