## Another Dolly Varden Bill Passed by the Legislature

Ownership of the Mine Vested in the Taylor Engineering Co.; House Prorogues on Saturday after Completing Work

(Special to The News via G. T. P. Telegraphs.)

VICTORIA, April 19.—The passing of a resolution asking the federal government to at once take steps to secure an adequate supply of sugar for the use of the people and for the fruit and vegetable industries of Canada, was one of the last acts of the fourth session of the fourteenth legislature of British Columbia, which prorogued on Saturday.

During the session just closed 116 bills were introduced. The famous Dolly Varden mine property was vested in the Taylor Engineering Co. in a bill put through its final stages at the session of the House on Saturday. This legislation seems to be for the purpose of heading off the actions which have been commenced in the courts. It is said that the power of the legislature to pass this legislation will be contested by the former owners of the mine.

## EX-RULERS SEE PATH TO POWER IN BOLSHEVISM

(Special via G. T. P. Telegraphs.)

LONDON, April 19.—In a remarkable statement on the "spectacle" of the present social and economic unrest in Central Europe by Sir Hall Caine, who has just returned from a three months' tour of the continent of Europe, the British author warns against what he describes as "a complete spiritual throw of the Central Powers." Sir Hall Caine says the ex-rulers of Europe are building their hopes on Bolshevism as the red path through which they are to again come into their own and warns that Germany is a ready subject for the autocracy of Soviets.

## 5,000 WATCHED SCOTTISH GAME

Play Was Very Fast But Kilmarnock Was Easily Best Team

(Special via G. T. P. Telegraphs.)

GLASGOW, April 19.—In the football game for the Scottish Cup played on Saturday in which Kilmarnock defeated the Rangers, thus winning the championship by a score of 3 to 2, there were 95,000 spectators present, a record for Scottish Cup games.

The play throughout was fast and Kilmarnock showed better football, particularly in the forward division. In the first half Kilmarnock scored for the Rangers and they for Kilmarnock. Short and Smith added two more for Kilmarnock in the second half and Kilmarnock scored for the Rangers. In the final stages the players on both sides were excited and fouls were frequent, but Kilmarnock to finish were always more dangerous and thoroughly deserved the victory.

## PAY BIG PRICE FOR CAR LOTS

Shipped Fish to Chicago—Cars Still Wanted—Embargo Meant Loss.

Eighteen cents was paid at yesterday's fish sale for car lots of fish. This fish is shipped to Chicago but shipment east of that point is not yet assured. Three express refrigerators arrived by last night's train.

It is estimated that between 150,000 and 200,000 pounds of halibut has been diverted to Ketchikan during the past few days on account of the two days' embargo on express shipments of fish out of this port. It is very doubtful if the fishermen gained anything by taking their catches to Ketchikan, however.

The following is the result of yesterday's fish sale: Albatross, 11,000 lbs.; Nidaros, 11,000 lbs.; and Chancellor, 5,000 lbs. to the Royal Fisheries at 18c and 15.5c.

Clara N., 5,000 lbs.; M. M. Christopher, 9,000 lbs.; Mayflower, 5,000 lbs.; and Dolphin, 11,000 lbs., to the National Independent Fisheries at 18c and 16c.

Cape Spencer, 8,000 lbs.; and Eagle, 5,000 lbs., to the Cold Storage at 12c and 7.1c. President and Grantham, 1,000 lbs. each to the Pacific Sea Products Association at 12c and 6c. Margalice, 6,000 lbs.; and Viola, 2,000 lbs., to the Alfin Fisheries at 12c and 8c. Saturn, 5,000 lbs., to the National Fisheries at 12c and 9c.

## Worldwide Shortage Of Wheat Reported

Russia Doing Little to Relieve Bad Condition and Europe looking to Other Countries for Supplies

(Special to The News via G. T. P. Telegraphs.)

WASHINGTON, April 19.—Indications of a world wide shortage of wheat this year and a world wide increase in the demand is reported by the American Agricultural Trade Commissioner at London, who said bread was selling in England at what was generally considered the highest prices the workingman would tolerate without grave disorders.

With Russia still in a chaotic state there is little to be expected from that country in wheat exports, and Europe naturally turns to Canada, Australia, India, the United States and Argentina.

The British Government has announced a maximum price for the 1920 crop to be the average price of imported wheat of similar quality, provided the price so paid the home grower shall not exceed \$2.98 a bushel. The United States imports, the commissioner reported, were ranging from \$3.04 to \$4.11 or an average of \$3.46 a bushel.
