## Allies Will Force Germany To Carry Out Peace Treaty

Difference of Opinion as to What Means to Take; Probably  
Ultimatum will be Sent with Threat of Compulsion in  
Case of Failure to Comply

(Special to The News via G. T. P. Telegraphs.)

**SAN REMO, April 20.**—The Inter-Allied Supreme Council in its formal sessions yesterday. There seems no doubt that the premiers are agreed that a joint declaration must be sent to Germany requesting her to fulfill the conditions of the Versailles Treaty and if she does not do so the Allies will take measures to compel her. The premiers, however, have not yet agreed upon the form of pressure to be used should Germany prove negligent.

Premier Lloyd George suggested economic pressure, depriving Germany of food, raw materials and intercourse with allied countries.

Premier Millerand is declared as having said that such pressure without the use of naval or military forces would in effect be pressure at all.

Premier Lloyd George resisted this conclusion and Premier Clemenceau inclined towards the Prime Minister's view for the present. A compromise may take the form of an ultimatum to Germany with the threat of applying effective compulsion without indicating what form the compulsion might take.

The Turkish treaty was approved by the council in the general session in which it was drawn by the council of foreign ministers in London. It was decided to request the Turkish plenipotentiaries to present themselves in London on May 10 to receive the treaty.

**BERLIN, April 20.**—The Allied reply to President Wilson's note on Turkey will say the Allies cannot withdraw any of the positions they have reached regarding the Ottoman powers.

## PRINCE JOHN TO VANCOUVER FOR REPAIRS

Contract Awarded This Morning  
to Wallace Yards—No  
Local Tender.

Shortly at ten o'clock this morning the tenders for the repairs to the steamer Prince John were opened and the contract awarded to the Wallace Shipyards of Vancouver, the lowest bidder.

Captain Nicholson announced that some temporary repairs would be made to the patch to the ship would then be repaired and would leave tomorrow.

The contract for the completion of the repairs within 31 running days. It means that she should be ready for commission again by the end of May.

Other firms that tendered on the job were the B. C. Marine, of Vancouver, and the Victoria Machinery Depot and Yards, Ltd., of Esquimalt. No local tender was put in.

Capt. Nicholson leaves tonight for Vancouver on the Chelohsin.

**WATERPIPE CONTRACT**

Tenders for the supplying of 1 1/2 inch water pipe for use in Section 2 were opened last night's council meeting. The contract awarded to the tenders, Steen & Long, Ltd. The figures were: Prince Rupert Supply Co., Ltd., \$163.90; B. C. Warehouse, Vancouver; B. C. Longwill, \$147.25 f. o. b. Prince Rupert; Smith & Bell, \$167.25 f. o. f. wharf, Prince Rupert.

Lamb, of Anyox, arrived in city today.

## ROCK SLIDE DELAYS TRAIN

Mail and Passengers from East  
Will Not Arrive Until  
Tomorrow.

The regular passenger train from the east will not arrive tonight, but a local from Prince George will pick up the mail and passengers between that point and this city. The transcontinental is tied up by a rockslide at Geikie, just over the border in Alberta not far from Jasper Park.

The first slide occurred just as Saturday's Number 2 was passing Geikie on Sunday night. There was some damage to the baggage, mail and colonist cars, but no one was injured. The passenger cars escaped and were taken back to Lucerne.

During the night more debris came down the mountain and last night there was another slide at the same place. A gang is working, clearing away and it should be all clear tonight or tomorrow morning. In the meantime the passengers and mail have been transferred and will arrive here tomorrow evening.

## YARROWS GET ALBERT JOB

Tenders for Repair of Steamer  
Opened Today—Will Take  
Twelve Days.

The tenders for the repairs to the G.T.P. steamer Prince Albert were opened at noon today and the tender of Yarrows, Ltd., of Esquimalt was accepted. The firms tendering were the Prince Rupert Dry Dock and Engineering Co., Ltd.; The Victoria Machinery Co., Ltd.; Wallace's Shipyards, Ltd.; B. C. Marine, Ltd., and Yarrows. The last mentioned firm was awarded the contract, as their tender was the lowest.

The "Albert" will continue on the run until the repairs to the Prince John are completed and when the latter ship is again handling traffic, the Albert will lie up. Her repairs will take twelve days.

The report of the mayor on his recent trip south was presented to the council last night and laid over for a week.

## THE UNIVERSITY AT POINT GREY

Work is to Proceed This Year up  
to Half Million Dollars.

(Special by G. T. P. Telegraphs.)

**VICTORIA, April 20.**—The British Columbia Government has decided on Point Grey at Vancouver as the permanent site for the provincial university and has secured 3,000 acres of land for the purpose.

The undertaking will be financed by means of a \$3,000,000 loan and construction work to the extent of at least \$500,000 is to be proceeded with this year.

## JAPS IN SIBERIA

**WASHINGTON, April 30.**—The Japanese military are negotiating for co-operation with the remnant of Admiral Kolchak's forces to safeguard their position in Siberia.

## NURSE WHO WORKED WITH MISS CAVELL

Miss Jacqueline Van Til, a Dutch trained nurse, of Brussels, and associate of the martyred British woman, has arrived in America to make her home. Miss Van Til was imprisoned with Miss Edith Cavell by the Germans.

## Three Million Students in China on Strike Against Direct Dealing with Japan

(Special to The News via G. T. P. Telegraphs.)

**SHANGHAI, April 20.**—Three million students throughout the fourteen northern provinces of China are on strike in protest against direct negotiation with Japan on the Shantung question. The students paraded the streets of the principal cities seeking to enlist the support of China's hundred million trade unionists. Abrogation of all secret treaties are demanded by students who have promised they will not molest foreigners.

## PERLEY AT PARIS

Represents Canada at Conference  
on Credits of Allies to  
Central Europe.

(Special via G. T. P. Telegraphs.)

**LONDON, April 20.**—Sir George Perley has gone to Paris as Canadian representative at a conference regarding allied credits for Central Europe.

## NOT RESPONSIBLE

A report from the secretary and matron of the general hospital stating that the officials of the institution were not responsible for the disappearance of Balde-mero Salinas, was read at last night's council meeting. The letter explained that Salinas had entered the institution under a physician's care and the doctor had given him freedom to move in and out of the institution at his pleasure. His disappearance had been reported to the physician in charge.

## MORSE CREEK BRIDGE BIDS

Lowest Tender Exceeds Estimated  
Cost by \$12,000—Referred  
to Board of Works.

With muffled ejaculations and whistles of surprise, the tenders for the erection of the Morse Creek bridge were opened at the council meeting last night and hastily referred to the Board of Works and city engineer for report, on the motion of Alderman Perry, seconded by Alderman Dybhavn. The lowest tender of the three presented bid \$29,900 on the work, \$14,900 more than the original estimate. This was the tender of George F. MacDonald, W. J. Greer, A. C. Beatty and W. Douglas.

The city tender based on day labor was for \$41,000 more or less. The other tender, which was for \$36,350, was from D. H. Morrison. No tenders were received from the outside.

## Fears Invasion of Her Constitution

Quebec Members Refuse to Adopt Proposal to Establish Educational  
Bureau for Whole Country;  
Flank Attack

(Special to The News via G. T. P. Telegraphs.)

**OTTAWA, April 20.**—"That it is the opinion of this House that a Bureau of Education should be established at Ottawa," was a motion proposed by Dr. Edwards of Frontenac that gave rise to a debate in the House of Commons yesterday, which monopolized the proceedings and eventually ended in the withdrawal of the resolution.

Dr. Edwards urged the establishment of such a bureau as a central clearing house of information on education.

Dr. Clark, temporarily leading the third party, was in general agreement with the resolution, but it met with strong opposition from Quebec members. They took the ground that it was a flank attack on the constitutional rights of the provinces to control their own educational policy.

Capt. C. G. Power of Quebec South said Quebec held her autonomy in education sacred and would not change one comma of her magna charta.

## Roads Discussed by City Council and Proposal to Dismiss Foreman Defeated

A petition from George Frizzell and 361 others drawing attention to the unsatisfactory and dangerous condition of the main thoroughfare of the city was presented at last night's council meeting and was referred to the Board of Works for consideration. The petition, which was called a "safety first" measure, asked for the macadamizing of approaches to main streets and approaches to wharves and the repair of main plank roads. Stating that roads had sunk already where they had been repaired quite recently, the petition also asked for a more capable road foreman. The petition was the cause of much discussion and the aldermen spent well over an hour talking on various points raised by it.

The discussion was somewhat desultory and first one feature and then another was brought forward. The mayor drew attention to the financial difficulties and stated that the money market was not in good condition for the marketing of further bonds. He knew that the work was necessary and fully appreciated the need and felt that it would not be a bad idea for George Frizzell and the 261 others as well as the public generally to get behind the city and buy its bonds like they had bought Victory bonds.

**Aldermen Discuss.**  
Alderman Casey was in sympathy with the petitioners and realized that the streets were in an alarming condition. The time had come for the city council to take a definite stand, undertake a certain amount of work and try to sell the bonds. If this was done the council would exonerate itself. But if the policy of talking things over and getting no further was going to continue, then the people were right in protesting.

Alderman Perry stated that the formulating of a policy was up to the Board of Works. They should prepare a by-law and

present it to the council. He claimed that the Board of Works was as dead as the chairman of that board gave the council credit with being.

Alderman Dybhavn said that he had studied the street problem for some time and he felt that the city was wasting money in carrying street work out in the present way. He recommended the bringing in of an experienced

(Continued on Page Six.)

## ANOTHER BIG LIQUOR THEFT

Nine Hundred Dollars' Worth  
Stolen From Olier Besner's  
Warehouse.

**WARRANT IS ISSUED  
FOR JOCK MORRISON**

The theft of 21 cases of liquor valued at \$900, was reported to the police this morning by Olier Besner and a warrant for the arrest of Jock Morrison, a well known teamster, was issued at noon in connection with the affair. An attempt to arrest Morrison was made this morning on the street without a warrant but he would not be arrested and challenged the officers.

Up to a few minutes before going to press he had not been located this afternoon. On the report of the theft, Warden Bailey made investigations at Besner's bonded warehouse, the old Knox Pool Room, from where the liquor was taken. It was found that a window had been forced and the back door opened with a crow-bar. The liquor was loaded on to one of the Lindsay Cartage wagons on Second Ave., evidently driven by Morrison. It was learned that the time of the theft was between the hours of 2:45 and 4:30 this morning.

According to the police the liquor alleged to have been stolen is kept by Besner in the bonded warehouse for export, he having a license to carry on that business.
