## ROADS DISCUSSED BY CITY COUNCIL

(Continued From Page One.)

street man to evolve a system of permanent street work.

Alderman Rochester agreed with Ald. Dybhavn that an experienced man should be brought in but not until it was decided to go ahead with the permanent work.

Alderman McLennan said that the time had certainly come for the permanent work on the main streets such as paving, asphaltting or putting on bitulithic. The policy must be formulated, the work must be financed and then carried out. The proposition was staggering but it must be done.

### Not Fire Foreman.

The question of the replacing of the road foreman was then taken up. Ald. Casey reported the recommendation of the Board of Works that the city engineer be given 30 days to find a competent successor to Road Foreman McLeod and moved its adoption. This was seconded by Ald. Kerr. On being questioned by the other aldermen, Ald. Casey admitted that the reason for the dismissal was incompetence. The question then resolved itself into debate and the report was bitterly opposed by several of the aldermen.

The point taken by those opposing was that the work of Foreman McLeod had been satisfactory and that as long as the policy was not altered he was quite capable of taking care of the street work. If the work was not satisfactory then the city engineer or the Board of Works was responsible, as Foreman McLeod should be working under their supervision. Ald. Perry stated that he wanted to see the right person "lose his head."

The report recommending the dismissal of Foreman McLeod was lost on a 3-4 division. Aldermen Casey, Kerr and Dybhavn voting in favor of it, with Alderman Rochester, McLennan, Perry and Murray against it. Alderman Currie was not present.

## FISH NOT SOLD

### INCREASED RATES FOR ADVERTISING

The continuous increase in the costs of production, both in wages and material, has made it necessary for the advertising rates charged by the Daily News to be revised, and the new rates will take effect after this issue. From now on, transient display advertising will cost \$1.25 per inch per insertion, and if required on the front page, \$2.00 per inch. Reading notices will be charged at 25c per line per insertion and classified advertisements 2c per word. The rates on the other particular classes of advertising are shown on the new rate card, which may be had upon application.

## Girls' New Spring Coats and Dresses

THE NEW SPRING GARMENTS for girls from 2 to 14 years are being shown here in a great variety of attractive styles. At no time in the past have we been able to offer such pleasing coats and dresses so early in the season. The prices of these garments are very moderate, considering the high cost of all piece goods.

We have also a big assortment of Holeproof Hosiery in black and all colors.
