Supreme Council Will Take Military Action in Germany

Three Big Generals to have Charge of Forces to Compel Fulfilment of Conditions of Treaty

10,000 Allied Troops Within Turkish Empire

Supplementary Naval Plans also Approved as Explained by Admiral Beatty and French Admiral

(Special to The News via G. T. P. Telegraphs.)

SAN REMO, April 22.—The Supreme Council of the Allies fully prepared to take drastic action, by military means if necessary, to compel Germany to fulfil the conditions of the Versailles Treaty. A plan was accepted today for the employment of the world armies by Marshal Foch, General Balmogo, and Sir Henry Wilson, British Chief of Staff.

Allied troops numbering 210,000 are now strategically disposed within the borders of the Turkish Empire and these forces will be increased to any essential number if Turkish resistance develops formidably. Greece will probably supply the largest number of troops.

Supplementary naval plans were also approved by the Council. These were explained in person by Baron Admiral Beatty, commander of the British Grand Fleet, and Admiral Levasseur, assistant to the chief of the French Navy.

The treaty does not include final arrangements for mandatory territories. They will simply be cut apart from Turkey and disposed of by the Supreme Council.

New Irish Policy Is Now Suggested

"Daily Sketch" says Wider Measure of Home Rule will be Given and Clean Sweep Made of Officials

(Special to The News via G. T. P. Telegraphs.)

LONDON, April 22.—England's new Irish policy may be something broader than the existing Home Rule scheme and not unlike Dominion home rule, says the Daily Sketch. Sir Hamar Greenwood, who was recently named chief secretary for Ireland, and General Sir Cecil F. N. MacCreedy, the newly appointed military commander there, is said to favor moderation and are making attempts to determine just what the Sinn Fein wants.

A favorable atmosphere is being created and the Government newspapers say it will "go further toward reaching a settlement than is generally believed."

Viscount Field Marshal French, Lord Lieutenant for Ireland, will resign, says Sketch, and a clean sweep will be made of officials in Dublin Castle; who are charged with being largely responsible for errors which have led to the present situation.

LIVE ON \$80 A MONTH

Eighty dollars is the sum a clergyman of a Hungarian Baptist church in New York city sets aside in his monthly household budget for food for his family of ten. Formerly he allowed \$135 for this purpose until he found that \$80 to \$90 was all that was necessary. As proof that his family are all properly nourished and unusually strong and healthy, the clergyman volunteers that in the last seven years he has spent less than \$20 for medical care. He finds that shoes are a great problem. Little meat is consumed by the family, vegetables being a great help in lowering the cost.

ENGLAND HELPS SOUTH AMERICA

Argentine Republic Shows Its Appreciation of Its "Indulgent Mecca."

BUENOS AYRES, April 22.—Commenting on the fact that the British Government is loaning Argentina \$50,000,000 to pay off a loan of the same amount from New York bankers, newspapers of the republic say that this means Argentina, in future, will turn to England in financial matters. England is described as "the traditional indulgent Mecca of our country."

The lack of indulgence on the part of American bankers is criticized.

CHECKERS WAS FINE PICTURE

The picture "Checkers" which was shown at the Westholme last night and is to be repeated tonight is an exciting story, dealing largely with racing. It has a human interest theme.

Checkers is the main character in the play. "He is a reformed racetrack tout who falls in love with a Southern beauty and gets into the most thrilling adventures. How the horse Remorse wins the big stakes; how Checkers risks his life many times, and how he finally overcomes all obstacles, is told with an elaboration of detail which makes "Checkers" one of the most absorbing photoplays presented this season.

SCHOOL TENDER IS VERY HIGH

Only Offer for Erection of Proposed School is Nearly \$200,000 — Morgan Co.

PARTIAL TENDERS ON VARIOUS DETAILS

The tenders for the erection of the new Hays Cove Circle School were opened at the meeting of the School Board last night and consideration of the matter has been left over till Friday night. Only one tender, that of J. R. Morgan & Co. for the sum of \$198,700, was offered for the whole job of erection. The Morgan Co. offered to do the work on the ten per cent force account basis with a limit of \$175,000 over which figure there would be no commission. A very indefinite offer to do the work on a force account basis was also received from McDougall, Trainor & McNeill, of Calgary. A considerable number of partial tenders were also received.

Turn All Down.
Trustee L. W. Patmore said that he would be willing to turn all the tenders down as the only complete one was away over their means. It might be possible that the building could be partially completed within the specified \$150,000 and such a building would suffice for some years.

Dr. Kergin remarked that the tenders were far from satisfactory and "put the board in the air." He suggested force account work with a limit, but Mr. McLennan said that he was doubtful if the board could be safeguarded that way. Fred Shaw spoke on the difficulties of tendering these days with the material market so unsteady.

Partial Tenders.
The following partial tenders were received:—
Plumbing—Orr Bros., Vancouver, \$11,000; Steen & Longwill, \$10,319; Smith & Mallett, \$11,210.
Heating and Ventilation—Orr Bros., Vancouver, \$26,852; Steen & Longwill, \$26,714; Smith & Mallett, \$28,230; Murray Bros., Ltd., Vancouver, \$25,606.
Painting—Siversides Bros., \$9,476; Fred Scadden, \$6,000.
Stone Masonry—V. Basso-Bert, \$17,600.
Roof and Galvanized Work—Steen & Longwill, \$4,868; C. O. Rowe, \$5,524.25.
Electrical—Pattinson & Ling, \$3,840.

TAX ON LUXURIES PROPOSED BY DOMINION GOVERNMENT.

(Special to The News via G. T. P. Telegraphs.)

OTTAWA, April 22.—The imposition of an excise tax on luxuries is in contemplation by the Minister of Finance. Under it individuals purchasing goods or articles in excess of a certain price will be compelled to pay a percentage over and above towards the Canadian treasury. Such a tax is in force in the United States at the present time and is said to act, not only as a revenue producer, but as a restriction on extravagant lines.

Under the proposed plan, lines of articles would be established including wearing apparel, boots and shoes and it would be provided that a percentage be added to each individual article above a common price.

WILDE OUTCLASSED BATTLING MURRAY

Knocked Down Opponent Three Times by Short Left Hooks.

CAMDEN, N. J., April 22.—Jimmy Wilde, British flyweight champion, so badly outclassed Battling Murray of Philadelphia in an eight-round bout, that commissioner John S. Smith of the New Jersey Boxing Commission stopped the contest in the last round.

Murray had been knocked down three times by short left hooks to the jaw. He was up without taking count but was in such a battered condition that a clear knockout defeat appeared certain when commissioner Smith intervened.

Murray had the honors in the early rounds. He knocked Wilde down with the left hook to the jaw, less than a minute after the fight started.

Wilde outboxed Murray at long range in the opening round, while the Philadelphian was trying to slug.
