An interesting resume of the work of the year was read by the secretary, J. D. McAuley in which it was stated that five luncheons had been held, the speakers being Newman Erb, Lieut.-Col. C. W. Peck, the Duke of Devonshire, Hon. F. D. Carvell, and Hon. J. A. Calder, and a representative of St. Dunstan's Hostel for the blind. **COLTS' DANCE  
 BIG SUCCESS**

Efforts of Boys to Give Good  
 Evening's Entertainment  
 Were Enjoyed—Good  
 Attendance.

The Colts Baseball Club Dance, held in St. Andrew's hall last night was a well organized and excellently attended affair. There must have been over 200 couples turn out to enjoy themselves and at the same time help the youngsters in the matter of defraying their spring opening expenses. Gray's Orchestra was at the event and had the usual "go" to their program. All arrangements went off well and there were no hitches.

George Frizzell, genial as ever, was master of ceremonies and did much towards the enjoyment of the guests. W. J. Cash, another enthusiast in junior baseball, was at the door. An ice cream stand on the floor did a thriving business supplied free by the Emad Confectionery.

The supper, dainty and appetizing, was under the capable supervision of Mrs. Corral. Helping with the serving were Douglas Frizzell, Eddie Clapp, George Hill, George Mitchell, George Roberts, W. Mitchell and Ralph Smith, all members of the Colts team. The boys were ably assisted by members of the Meteor baseball team, Willa Dyer, Caroline Mitchell, Lita Corral, Annie Kelly, Margaret Lindsay and Marjorie Roberts.

**The Man in the Moon  
 SAYS:-**

THAT to act first and think afterwards is to be like the rest of the crowd. And then there are those who act but never think.

THAT the advice of the man in the moon is to take the advice of nobody. Think a little for yourself sometimes.

THAT in a woman good looks consists largely in a judicious use of face powder, but in a man hair cut is a very important factor.

THAT the chief difference between a lazy man and a dead one is that the lazy man is always in the road. He takes too much room.

THAT it is well to be patient with foolish people; who knows but you may get a twist in the upper storey yourself.

THAT you should follow the good book, but not too closely. It is not always well to begin with a man and a woman in a garden and then end with revelations.

THAT truth is altogether lovely, but it is often well to take it in homeopathic doses.

THAT it is well to beware of the woman who is willing to tell her age. The chances are she is biased in her opinion.

THAT if you are not clever, perhaps you can distinguish yourself by talking loud and laughing at your own jokes.

**"Wee MacGregor"  
 DRAG SAW**

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE  
 OPERATED DRAG SAW & POWER PLANT

(Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 30 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

We carry in stock at all times in our Vancouver Warehouses a full line of service parts. In case of emergency there is no long wait for delivery.

**SAVE YOUR SIGHT**

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
