## IS BOOSTER FOR TERRACE

### R. C. Lett Gives Out Interview at Winnipeg on Prospects of Central B. C. Valleys.

WINNIPEG, April 22.—“In agriculture, mining and lumbering,” said R. C. W. Lett, industrial and colonization agent of the G. T. P. Railway, “no part of Canada is enjoying more prosperity than Central British Columbia. The government of that province is now about to throw open five new land settlement areas adjacent to the Grand Trunk Pacific line. Each of these areas will be of approximately fifty thousand acres and are situated in the Bulkley and Nechako valleys. It is conservatively estimated that 20,000 settlers will go into this territory during 1920. The preponderance of these settlers will come from the United States, as the American farmers are appreciating more every year the opportunities offered in the opening up of these areas where land is available at a low valuation. The British Columbia Government is assisting these settlers by taking in stock. No less than thirty-eight hundred head were taken in and sold to settlers last year.”

As to climatic conditions, Mr. Lett said: “It is excellent; they have winter weather of course, but no long periods of extreme cold. As the coast is approached at Terrace district for instance, destined to be an immense fruit and vegetable country, the climate is ideal. I can justify my statement by telling you that out of the twenty-nine days of February nineteen days of bright sunshine were experienced. I consider this a record hard to equal in America.”

“There are reasons for Terrace having this delightful climate,” said Mr. Lett. “It is situated only 95 miles from the Pacific coast, on the Skeena River, and of course, the Japan Current being at its best just off this portion of the coast, the temperatures are sure to be moderate. The Kitsumkalum Valley, to the north, and the Lakelse Valley to the south, are only separated from salt water by low divides, and thus fresh air currents are always moving, and do not allow for low temperature.”

“As a result of this combination, Terrace is rapidly becoming famous, not only for its climate, but for the excellence of its farm products. Strawberries and other fruits reach perfection, and when I say that potatoes yield over six hundred bushels per acre, I am not exaggerating. One farmer in that district, who has had considerable success in the growing of tomatoes, is completing arrangements for the planting of several acres this year.”

## ASK FOR BAN ON HEARST PAPERS

### Canadian Club at Meeting Yesterday Passes Resolution Requesting Action.

At the annual meeting of the Canadian Club held yesterday afternoon the following resolution was unanimously passed:

“The Canadian Club of Prince Rupert strongly protests against the distribution in Canada of the Hearst publications, news services and film exhibitions and respectfully requests the Association of Canadian Clubs to take such steps necessary to have banned by the Dominion Government the publications, news services and film exhibitions issued and distributed in Canada by the Hearst interests.”

The resolution was moved by Alderman Dybhavn and seconded by Rev. W. E. Collison. Judge Young said that the matter was viewed with alarm and the Canadian Clubs throughout the country were taking it up. He did not think it should be necessary to draw attention of the government to such a matter as this, as they must be aware of it.

The case of Rex vs. John Morrison, assault on a police officer, was adjourned until tomorrow morning in the police court today. M. Gonzales, appearing for Morrison, asked for adjournment the accused being indisposed. Morrison is out on bail.

C. A. Green arrived in the city from Swanson Bay yesterday.
