Impasse Regarding School Building.

The school must be built at once and if possible it should be built by a local firm. All must be agreed on that. No one would countenance sending out of the city for work which can be done on similar terms or at the same price at home. Local industry must be encouraged wherever possible.

It was anticipated that tenders for the new school building would be high. Had the work not been delayed last summer, it would have cost the city many thousands of dollars less. As it is, there is grave doubt as to what step should be taken. Possibly the plans and specifications can be pruned as to bring the cost down without seriously injuring the usefulness of the building. It may be possible to erect a smaller building, or a part of the larger building at present. These are matters for the school board. The people of Prince Rupert are anxious to have the work proceed, so that the most of it may be done this summer. They also will certainly demand that if possible the work shall be done by local people.

Build Ships for Trade From This Port.

The Government Railway is proposing the calling of tenders for the building of two boats to ply on the triangular run between Vancouver, Victoria and Seattle. This route is already well served by the C. P. R., a twice a day service with modern boats, and at times a three times a day service has been maintained between Vancouver and Victoria. It would be no particular service to the country to put a boat on that route, especially in view of the fact that the steamer Canora was recently brought to the coast for service on practically the same route.

It would seem like a wise course for the Government to forget the triangular run and prepare instead to cater to the transpacific trade by way of Prince Rupert. To put fast steamers on this route and to provide for good local services to Alaska and other points from this port would open up new business and would serve Canada much better than to try to compete with a railway corporation that is already giving very good service at reasonable rates.

Hotel Needed at This Point.

For a number of years the Prince Rupert has catered most effectively to the business of this city as a high class hotel. Now it is found that the business is growing to such an extent that more accommodation will be needed. The Grand Trunk Pacific Railway once made preparations to commence construction of a hotel building. Then came the hard times when such work was impossible. With the revival of business here the need has again arisen and with Government ownership comes responsibility in regard to these improvements. Whether the Government should build a hotel or lease the site is not certain. The difficulty would be to get private capital to finance anything so big as a first class hotel suitable for the business that will be offering here.

SUFFERED DAY AND NIGHT

The Tortures of Dyspepsia Relieved By "Fruit-a-lives"

LITTLE BRAS D'OR, C. B.
"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try 'Fruit-a-lives'. In a week, the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

Sunday, April 25.
High, 6:26 a.m., 18 feet.
19:49 p.m., 17.4 feet.
Low, 0:12 a.m., 8.8 feet.
13:8 p.m., 5.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
