PRESENTATION OF MOBLEY CUP

Gathering in St. Andrew's Rooms Last Night Was One of Most Enthusiastic of Season.

The St. Andrew's Society club rooms, the scene of many a happy gathering during the long winter months, were again used to good advantage last night when the presentation of the Mobley Football Cup and other awards were made.

The turnout was one of the largest yet and certainly did not lack in enthusiasm. The Prince Rupert Football Association and the St. Andrew's Society were joint hosts and the attendance was marked by representatives from all the football clubs of the city as well as the Cailies, the winners of the cup, and to whom the presentation was made.

S. D. Macdonald, president of the St. Andrew's Society and of the P. R. F. A., was in the chair and the first part of the evening's proceedings consisted of a fine musical program. The artists included Eddie Craggs, vocal; Jas. Lee, violin solo; Mrs. Wm. Millar, vocal; J. Stuart Pudney, recitation; A. Clapperton, vocal; J. Y. Fraser, vocal; Miss Beatrice Killen, vocal; R. Robertson, vocal, and Mrs. Millar and Mr. Clapperton in a duet. Refreshments were served, plentiful and dainty as is always the case with the St. Andrew's Ladies' Auxiliary.

Dr. Grant, who is a true sportsman himself, was called upon to make the awards and before doing so spoke briefly, emphasizing the community benefit of clean sport and telling of his disapproval of the professionalizing of it.

The presentation of the Mobley Cup was made to William Murray, the Cailies team captain, who replied in suitable terms. The trophy which is indeed a beautiful one, is a perpetual challenge cup and is held only for a year. Following the cup presentation, medals were awarded to the members of the team, Wm. Murray, W. E. Willisroft, W. Martin, J. H. Kelly, R. Wiggins, J. Clapperton, George Sellars, Harry Foote and R. McLean. For James Mitchell, Eddie Smith, Tom Black and James Currie, who were not present, similar medals were set aside. Besides the players, the untiring manager for the year, George Russell, was also recognized similarly.

R. H. Shockley, of the Sons of England, Eddie Craggs, captain of the Trail Club, and Wm. Reid, of the G. T. P. team, all rival organizations, offered congratulations to the winners. Their remarks were all along humorous lines and showed good spirit.

Billiard Winners. Further representations were also made to the billiard winners at the St. Andrew's Club during the winter. For the "knock-out" tournament Robert Davie and Wm. Murray were given their awards. In the second tournament S. D. McDonald and Robert Armour, Jr., were recognized. The main tournament of the season was won by J. M. Campbell and S. D. Macdonald, who were also presented with awards.

One award which every one agreed was well earned and well placed was that to W. Vaughan Davies who had been accompanist for the society during the winter evenings. He was made the recipient of a set of beautiful pipes and the applause at the award was long and loud, the whole crowd joining in "For He's a Jolly Good Fellow." The evening came to a close with the singing of the National Anthem, after which some of the guests stayed for a short dance program.

"Wee MacGregor" DRAG SAW

THE ORIGINAL LIGHT WEIGHT PORTABLE, GASOLINE OPERATED DRAG SAW & POWER PLANT

(Frequently Imitated Never Equalled)

The "WEE MacGREGOR" Drag Saw is an inexpensive practical and proven machine, peculiarly adapted for the rapid and accurate cutting of wood under any conditions, on land or water. With equal facility and proportionate rapidity it will cut the small or large log up to seven feet in diameter. Depending upon size and character it will cut from either green or dry logs, 20 to 50 cords of wood a day.

So light is its weight it can easily be carried from one point to another. One man can move it on the log and two men from log to log. It has sawn a 2-foot log in 50 seconds, a 4-foot log in 3 minutes and a 6-foot log in 6 minutes. Its operating cost for gasoline, oil and grease is approximately 4 cents a cord.

Full operating instructions are furnished with each machine, and its mechanism is so simple it can be operated and kept in order by any person. Its power can be harnessed to the feed cutter, the pump, the circular saw, the churn or the separator.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
