New Press Failed When Half Through Job.

Yesterday the new Duplex Press was used for the first time for printing the Daily News and when something over seven hundred papers were off, the web broke and it was found impossible to complete the run in time for a number of the delivery boys to take their routes. We were sorry to disappoint those who always look for the News but the failure was no fault of ours. Within a few days the press should be running well and we do not anticipate much further trouble.

The press is a first class machine and needs only a little adjusting and tuning up to make it do the work. If a similar failure should occur within the next few days subscribers will understand the reason. We have the best expert on the coast in charge of the machine and the failure is something that often happens under similar circumstances.

Council Anxious To Serve Citizens.

The City Council seems anxious to serve the citizens.. They are making every effort to find a solution of the Morse Creek bridge difficulty. It is sure that there is a demand for the building of the bridge and it seems equally sure that the Council will see that the work is done. While we have to exercise care in the matter of civic expenditures, that does not mean that all work is to be left in abeyance.

Cannot Understand Prince Rupert People.

Col. McMillan of the Cassiar Cannery cannot understand the people of Prince Rupert interfering in the fisheries when they have no interest in the canneries. He says the fishermen come from the south and equipment is purchased elsewhere.

We could tell the Colonel those are the reasons why we are interested. We want the fishermen to come from here, we want to sell equipment and supplies, if not to the canneries at least to the fishermen. It is because the canners have ignored Prince Rupert and purchased their supplies elsewhere that Prince Rupert people have become so insistent that there be a change. It is because the fishermen of Prince Rupert have been ignored and handicapped that they have used all their influence to secure open fisheries to which so much exception is taken by the canners. Let the canners treat the people of this city fairly and they will find local citizens always ready to reciprocate. The fisheries are ours. They are in our district and we cannot allow outsiders from Vancouver and other points to come in here and monopolize them and carry away all the spoils. The fish belong to the local fishermen as much as to the canners, and in most cases more so, for the fishermen live in the district while the cannerymen do not.

Visiting Season Will Be Here Soon.

The visiting season for public men will soon be here. We shall have representatives of all parties coming to the city this summer and the more the merrier, for if we are to expect any consideration we must get into personal touch with the ministers. We must show them what we have, and assemble the facts in connection with our possibilities.

One announcement that has already been made is that W. L. Mackenzie King is coming west. The Calgary Herald, sensing the fact that the visit of the leader of the opposition is likely to prove very popular in the west, warns Mr. King that he must not take it as a sign that the west is with him.

Another visit that is suggested is that of Premier Oliver, and other ministers of the Provincial Government. The minister of lands is our member and of course he will be here. In every case we must take the opportunity of laying our views on public matters before these men. We must not assume that even because a man is our member that he is conversant with all our needs and problems. Personal prievances and requests for personal advantage have no place on the program, but matters of public interest should be thoroughly canvassed.

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. *I am never without "Fruit-a-tives" in the house*". JAS. S. DELGATY.

The time used is Pacific Standard, for the 120th Meridian west It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

SMITHERS BALL WAS GAY EVENT

Veterans' Dance at Railway Town Was Most Successful—Special Music

SMITHERS, April 27.—The Great War Veterans' Ball held here last night was a great success. The new hall was tastefully decorated in the colors of spring. The crowd was large and congenial and Gray's Orchestra was in its best mood, so that dancing was thoroughly enjoyed. Will Brown, of Prince Rupert, supplemented the musicians and added much "jazz" to the event to the delight of all the persons attending. Despite the fact that the train was delayed at Bulkley Canyon and did not bring "Brownie" in till 2 a.m., the dancers all remained and it was well after 4 this morning when the dance broke up.

The refreshments served by the ladies of the veterans were delicious and bounteous and remarked upon by all. The supper was served in the lodge rooms upstairs, one of the features of the well appointed new hall.

Real Baseball Talk

The announcement published in the News on Friday that baseball plans were well under way for this season's playing came with a good deal of pleasure to local fans. Indeed, they have been looking for something definite in "baseball talk" for some time and now they are satisfied. Now they can show their own spirit by getting behind and pushing now that the thing is started.

• • •

Self Real Promoter

Starting such things as baseball clubs in a town like Rupert involves a good deal of risk and organization work on the part of the promoters. The city is fortunate in having such a man as Ben Self to take these things on and get them going. It is certain that he doesn't make anything out of it like some promoters do and his only object is the development of good, clean baseball in the city. More power to him.

Wants Box Carpenter

Fred Fulton has offered to box Georges Carpentier at Rockford, Ill., at any time and any number of rounds. A letter from Fulton making this statement said that he would devote his share of the proceeds ta the benefit of wounded soldiers. Captain Herrick, athletic officer at Camp Grant, will attempt to persuade Carpenier to agree to the match.

World's Record Broken

A world's record was broken in the Hawaiian centennial swimming meet at Honolulu last Monday. Waren Kealoha, of that city, swam the 100 yards back stroke in one minute and eight seconds. Harold (Stubby) Kruger, of St. Mary's College, California, finished second, and George Kane, of Honolulu, third. The time was one fifth of a second under the world's record.

Queen Favors Bullfighter

At Seville, Spain, Varelite, a famous bullfighter, after having been congratulated by Queen Victoria following a brilliant performance in the ring, sent the queen a bouquet. Thereupon the queen presented him with a platinum scarf pin studded with brilliants and sapphires.

Football Peace

Peace will reign in Pacific Coast football circles in the near future if the officials of the B.C. Provincial Football Association accept the invitation of the B.C. Football Association to meet at Nanaimo on May 1 to discuss peace terms. The officials of the B.C. Football Association are responsible for the effort to get the warring factions together.
