Street Paving For the City.
 The city of Victoria has just decided to pave a section of streets and finds that concrete is about four fifths the price of asphalt. Accordingly this pavement is being used. Concrete is coming into favor a good deal and as it is a British Columbia product it should from a sentimental reason be preferred. It seems likely that this material will be used in Prince Rupert.

Criticism of City Employees.
 A returned soldier in the employ of the city writes a letter which he asks us to publish in which he takes exception to some remarks of Alderman Dybhavn, who, he says, criticized the men who work for the city. Apparently the alderman opposed an advance in wages and is alleged to have said that the men were evidently killing time.

Unfortunately we cannot publish the letter as some slurs are made at Alderman Dybhavn because of his nationality. We recognize no nationality in this country except Canadians. In the past we have welcomed people from every part of the world and offered them equal rights with ourselves. Those that have made good and become citizens of the country are Canadians just as much as we. Also they are British subjects and as such should be subject to no disabilities.

British Subjects Have Equal Rights.
 Alderman Dybhavn is a member of the Canadian Club as well as being a British subject. He must be a British subject before being elected. He has been elected by the people to represent them. It is his duty to look after the interests of the city and if he thinks there is anything wrong he should say so openly, as he has done.

We know nothing about the right or wrong of what Alderman Dybhavn said. He quite possibly may have been wrong. Because he is wrong is no reason for jibing at his nationality. Those of us who are British born are usually proud of our country. We have reason to be. If we had been born in some other country we should have been equally proud of the fact. The man who has no affection for the country of his birth is not much of a man. Each country has much of which to be proud. There are many fine points about every nation.

British Came From Germany.
 As for the Anglo Saxons, they came from Germany and after mingling with French, Danes, Norwegians, Celts and other nationalities merged into one nation which we call British. The American people are equally cosmopolitan only the formation is of more recent date. They are a newer country. Canada has a mixed population and all have equal rights except Orientals, and they in time will be given political rights, the same as others. Whatever may be our private feelings in regard to people of other nationalities than ourselves, it does not make for good citizenship to express them, and the Daily News certainly will not be a party to stirring up race hatred or differences between people of different nationalities.

As we pass along the streets, we find people of different nationalities, with accents showing them to come from many different countries. Their children, however, all speak alike and grow up Canadians. It is difficult to distinguish one nationality from another after the first generation. It is found too that there is no national bound to intelligence. No country has a monopoly of brains.

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-lives"
 3 OTTAWA ST., HULL, P. Q.
 "For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about "Fruit-a-lives" the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.
 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

FINE SINGER FROM VICTORIA

Mrs. Jesse Longfield is Leading Contralto of Pacific Coast.
 Mrs. Jesse Longfield of Victoria is to be the principal soloist at the Westholme Theatre concert on Sunday night. This talented lady does not sing often but she is much sought after. She is the soloist for special occasions at the St. Andrew's Presbyterian Church where her husband, Jesse Longfield, is the organist and choirmaster.
 Mrs. Longfield was the contralto soloist at a recent amateur performance of the Mikado in the capital city and she has sung at all the coast cities at various times to the delight of her audiences. She has family ties, however, that keep her at home a good deal and Prince Rupert is to be congratulated on being able to secure her for this occasion.
 Quite recently she sang at one of the Victoria Musical Society concerts and on that occasion there was a great deal of very favorable comment on her artistic work.

OVERALLS? YES, BUT NOT ALWAYS

Member for This District Tells Victoria Reporter What He Thinks of Movement

Hon. T. D. Pattullo, Minister of Lands, believes the overall movement, like all other movements, is all right, provided it is not carried to the extreme. Relative to the present movement by some who see in the adoption of overalls a means of reducing the high cost of living, the minister says: "The overall movement, like every other movement, proceeds from a cause, and like most movements, may either fizzle out or proceed to extremes. "No one can take any objection to overalls per se. There are certain occupational duties which require the wearing of overalls. In these occupations the overalls are not only serviceable but they "look well." Those whose duties necessitate the wearing of overalls, usually, on coming home at night, take off their overalls and put on what is called an ordinary suit of clothes and generally "clean up." The reason that they clean up is that they may both feel well and look well. One need offer no apology for wishing both to feel well and look well. It is to be hoped, however, that the new movement to wear overalls will not be taken as licence to slovenliness.
On the Trail.
 "In my time I have had considerable trail work, at times both heavy and even dangerous, and I can say without hesitation that the best men we had on the trail were those who were cleanest and neatest in their persons. I remember a party of us on one occasion leaving Vancouver for the Klondike, in '97, by special steamer. Hardly were we out of the port of Vancouver than practically the entire party donned their Klondike paraphernalia, with the exception of myself. Two or three days later one of the party remarked, "I wonder whether Pattullo expects all his white collars to be packed over the trail?" A week later I had the pleasure of packing the gentleman himself over a stream of water three feet deep in order that he would not get his feet and legs wet. Later we found that the men who fell by the wayside and could not keep up with the procession were those who did not properly take care of themselves, and we were compelled to drop several men at different posts who suffered from sore feet, chafing, or other ailments, which could have been prevented by a little personal attention.

In Moderation.

"The overall movement, like all other movements, is all right in moderation. Generally speaking, it will be found that it is the extremists who cause most of the trouble in life."

The Princess Beatrix will sail for the south this week at 10 a.m. Sunday instead of 9 a.m. as usual.
