FERRY FOR USK BEING BUILT

P. Doiron in Charge of Erection at Government Wharf—Shipped Complete on Cars

Work commenced on Monday on the building of a cable ferry for the Provincial Government at the government dock. The new ferry, which is being built by P. Doiron, under the supervision of P. W. Anderson, will be used on the Skeena River at Usk. Five men are engaged on the work and it is estimated that it will take about six weeks to complete. The sides are already taking shape.

The ferry, when completed, will consist of two pontoons, each about forty feet long, bridged together. It is being built of first grade fir and will be completed here and shipped up river on three flat cars. The decking will be laid after its arrival at Usk. The cost will be in the neighborhood of $5,000.

An adequate ferry at Usk has been needed for several seasons as there are several lumber and mining camps, as well as farms, across the river. The putting in of the utility will be a source of gratification to all residents of the district.

Conductor W. D. Moxley is now taking the Prince George-Smithers run in place of Conductor Warren who is in charge of the train running between here and Smithers. The new run allows Mr. Moxley more time at his Cedarvale ranch.

E. T. Kenny and O. T. Sundal arrived from Usk on last night's train.

A varied tribute to the Heintzman & Co. piano is given by St. Joseph's Academy in their choice of a third one for use in the Musical School. The Academy procured, through W. J. Pitman, the local agent, the fine instrument that was used by Mrs. Morkill and Miss Taggart in their concerts lately. St. Joseph's Academy in Toronto have used Heintzman & Co. pianos for thirty years and find, as does the Academy here that no other piano will give the continued satisfaction that is given by a piano made by "Ye Olde Firme."
