

NORWEGIANS HONOR DAY

Had Delightful Dance to Celebrate Declaration of Independence.

The 106th anniversary of the Declaration of Norwegian Independence was celebrated in fitting style at a dance held in the St. Andrew's hall last night under the auspices of the Valhalla Society. There were about eighty couples present to join in the merriment and all voted the affair a success. The music was provided by Mrs. Gawthorne, Mr. McGinnis and Will Martin and it was well after 2 o'clock this morning when the gathering broke up.

At midnight refreshments were served in the dining room upstairs. Tom Dybbavn was master of ceremonies and kept the dance going in excellent manner. John Dybbavn and E. Stockland were at the door and the entertainment committee consisted of Messrs. John Dybbavn, Frantzen, and E. Stockland, and Mesdames O. Hansen, Hallberg and W. Anderson. The hall was gaily decorated with Scandinavian and Canadian flags.

ABOUT TO MAKE TEST OF STONE

Smith Island Rock Has Arrived; Will be Laid at First Ave. and Second Street.

Forty tons of granite having arrived from Smith Island last week for experiment as hard surfacing for the city streets, the laying of the stone will be commenced by Road Foreman McLeod under the supervision of City Engineer Clements next week. The rock will be used at the intersection of First Avenue and Second Street where heavy traffic to the wharf passes over. An area of 24 feet by 100 feet will be covered to a depth of four inches, using all the 40 tons as the stone runs about three yards to four tons.

The Smith Island rock is properly known as grano-diorite. It is said to be of a hard composition and one that will stand up well under heavy usage. It is made up of a large proportion of feldspar, quartz, hornblende and a little biotite, all of which are hard metals. To the touch it has a sandy feeling but it is difficult to break and the crystals are quite hard. Compared with the Tyee granite it is said to be inferior, but very slightly so, and the city engineer says that any inferiority cannot equalize the increased cost of bringing the rock the greater distance from Tyee. The City Council has not yet authorized any further test.

Has Any-one else a Method?

It is our experience that women are ever ready to pass a good recipe along to others. We asked for a method that would enable a cook to use Pacific Milk in recipes which call for sour milk. Several have answered. Each of them practical. Has anyone else a method, or a recipe where it has been demonstrated? We'll send a filled recipe cabinet in return for a good tried recipe. SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ill, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
