**COL. PECK'S LETTER TO GENERAL M'LEAN**

Full Text Now to Hand Regarding Recent Disagreeable Incident

The full text of Col. Peck's letter in connection with the widows of soldiers incident is now to hand and is as follows:—

Mr. Hume Cronyn, Chairman, Committee on Pensions and Re-establishment, House of Commons.

My Dear Sir.—In view of the recent occurrences and regarding the statements of Gen. McLean, I feel that it is my imperative duty to resign from your committee.

While I do not pretend that my membership is of any great importance, I cannot consent to being a party to what has taken place.

I therefore resign, not only to protest in the name of the widows of the hundreds of brave men whom I had the honor of leading in the late war, but as a protest against a deplorable attempt on two successive days to camouflage the incident, and also as a protest in the name of common respect and decency. I cannot bring myself to believe that actions such as have taken place are a credit to the committee or Parliament.

While no one claims there is any discredit in being described as "of the servant class" (because it is honorable to work, and we all should work), the statement made was an invidious attempt to discredit the widows of our soldiers.

I claim that the statement made by Mr. G. Grant MacNeill was correct. No attempt has been made to press this matter, and had General McLean seen fit to apologize to the widows of our brave men no further attention would have been paid to the incident.

I regret that, according to the rules of Parliament, I cannot go further into this matter publicly. I wish it to be distinctly understood that I do not wish to reflect on your committee as a whole, or on your Chairmanship, which has always been fair, generous and impartial.

Yours truly,  
G. W. PECK.

**PURCHASES HAY FROM ONTARIO**

Farmers of Alberta are Supplied Through Government Agency.

Hon. Duncan Marshall, minister of agriculture in the Alberta cabinet, who has spent a great deal of time during the past winter in Ontario arranging for the shipment of hay to Alberta, where cattle food has been exceedingly scarce because of the great shortage last fall, is about to leave for the West, says the Toronto Globe. Mr. Marshall says that the situation in Alberta would have been very much more serious even than it was had arrangements not been made for the purchase during December, January and February of large quantities of hay in the province of Ontario and Quebec. Altogether 3,600 cars containing about 50,000 tons of hay, have been shipped from Ontario and Quebec to Alberta to relieve the shortage. Much of this hay was bought at rates ranging from \$28 to \$31 per ton.

The Canadian Pacific, upon being appealed to for co-operation, put into force a rate of \$10 per ton from Ontario to Lethbridge, Calgary, Edmonton and other distributing centres throughout Alberta. In addition to the cost and freight, from \$1 to \$3 had to be charged in cases where there was a short haul from the shipping centres to the point where hay was required or where unloading had to be done. The price of the hay brought in by the government ranged from about \$35 to \$46 per ton, whereas the few local dealers and others in Alberta who had hay to sell were charging from \$60 to \$75 per ton, while some conscienceless profiteers, because of the necessities of others, obtained as high as \$90.
