WATER NOTICE

USE AND STORAGE

Take notice that the Taylor Mining Co., Ltd., whose address is 607 Credit Foncier Building, Vancouver, B. C., will apply for a licence to take and use 50 second feet, and to store 2500 acre feet of water out of Clearwater Creek, tributary to Kitsault River, which flows westerly and drains into Kitsault River about 23 miles north of Alice Arm, B. C.

The storage-dam will be located at outlet of Clearwater Lake. The capacity of the reservoir to be created is about 2500 acre feet, and it will flood about 200 acres of land. The water will be diverted from the stream at a point close to lake outlet, and will be used for power purposes upon the mine described as Wolf Mineral Claim, and lights to Alice Arm District.

This notice was posted on the ground on the seventh day of April, 1920.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The powers of this undertaking are to be exercised for power and lighting within the territory embracing all the Wolf mineral claims, the Dolly Varden mineral claims, and all of this Company's Railroad and properties and buildings, or any properties and buildings of others in and adjacent to the Alice Arm district.

The petition for the approval of the undertaking will be heard in the office of the board at a date to be fixed by the Comptroller, and that any interested person may file an objection thereto in the office of the Comptroller, or of the Water Recorder of the District.

OFFICERS ELECTED BY WAR VETERANS AT PRINCE GEORGE

The regular meeting of the Prince George G. W. V. A. was held in the club rooms on Monday night. The attendance was inconsiderable in view of the importance of the occasion, but bad weather and the backward spring prevented many of the out-of-town members from being in attendance.

The following officers were elected to office: President, W. Attwood; vice-president, J. B. Daniel; treasurer, F. Bunton; secretary, F. Saunders; sergeant-at-arms, A. H. Sinclair; auditors, Jones and George.

The retiring officers were the recipients of a hearty vote of thanks for their excellent services to the Association during the term which has just closed. Largely through the efforts of these gentlemen the Association owes its present prosperous condition and increasing field of usefulness.

MANY PICNICKERS AT SHAWATLANS LAKE

Shawatlans Lake proved a great attraction for picnickers yesterday and there must have been about sixty persons out. Some of them fished but many just enjoyed the day loafing about in the sunshine. Some good catches of trout were made. In the evening all the small boats portaged to the lake were towed by Engineer Forse to the town end by the city launch. Both Mr. Forse and R. E. Walker did much to make the day enjoyable for the visitors.

IRON PRODUCTION

(Continued From Page One.)

Columbia production, the speaker was a little less enthusiastic. He pointed out that China possessed an enormous supply of the raw product and Japan was already in the producing field in a large way. She had her finger on the greater part of the iron ore of the Orient, he had been given to understand when there only a few weeks ago, and he should say that iron manufactured on this side of the Pacific would find the competition very discouraging there. However, the rest of the world was truly a market of unlimited possibilities.

Cost £2,000,000.

Based on Old Country conditions, Sir John estimated that two millions sterling would establish a comprehensive plant, including the coking, smelting and steel making phases. It would be established in progressive units so that revenue might be obtained relatively from the beginning of the operations. At that he estimated that five years would be consumed before pig iron could be turned out on a commercial scale and possibly close to ten years before the products of the steel rolling mills would be ready for market on a large scale. It would take time and courage, but at that he thought the world would welcome a development of the sort in British Columbia, providing the conditions were right here for economical production.

ELSIE FERGUSON "A SOCIETY EXILE"

The famous screen star, Elsie Ferguson will be seen tonight in "A Society Exile" at the Westholme Theatre. The play is a very modern one and is said to be first rate. As Miss Ferguson's plays are noted for their excellence, this one may be depended on.

Some very beautiful pictures of Italy are seen in the story.

"I Want the Best"

Most people recognize that it is best to get the best. Whatever we may purchase, if it is the best of its kind it gives the greatest pleasure, the longest service, the largest amount of satisfaction. And this applies particularly to diamonds.

Birks' Diamonds are of matchless, never-falling brilliancy, incomparable in color-play. People who discriminate between medium and high quality recognise their superiority instantly.

CANADIAN NATIONAL TRAIN OVERTURNED

No Loss of Life but Cars Turned Upside Down Alongside Track.

Deloyed press despatch tells of the overturning of a freight train on the Canadian National line near Onoway last week-end.

While no serious personal damage was occasioned as a result of the wreck, it is said that the employee in charge of the freight train, Conductor Pierce, received several bruises and a painful shaking-up when the caboose in which he was riding came to a sudden halt as the derailed cars left the tracks.

In addition to the three cars in the ditch, three others also left the rails, the whole of the derailed cars being located in the central portion of the train. Both the fore and rear ends remained intact, however, which fortunately, was the reason for the absence of injury to the crew.

Canadian National railway officials in Edmonton were made acquainted with the wreck immediately, a wrecking crew being sent out with all despatch to the scene. It is said that the mishap was occasioned as a result of the cars being too heavily loaded with ties.

SMITHERS

During the last week new cars have appeared on the local streets belonging to J. Buchan, William Boyer, J. Mason Adams and Chief of Police Kelly.

• • •

J. D. Galloway, district mining engineer, was a visitor here last week on his way to the Cariboo country. He spoke favorably as to the possibilities of new trails being built to mines in the district.

• • •

William Sherman is giving up the transfer business here and this week will sell his stock and equipment at auction.

• • •

P. J. Job, of New York City, was a visitor here last week. He announces the institution of considerable development work on Hudson Bay Mountain mines this summer by New York capital.

• • •

A real estate deal of local interest was made last week when the Willcocks & Woolsey block on Main Street was bought by I. Anger from Charles Willcocks for four thousand dollars. The building is to be improved considerably and Mr. Anger will start a tailoring business.

• • •

The old George McKenzie ranch at Morricetown has been sold to C. F. Peppercorn who intends to use it in the sheep raising business.

• • •

A new store is to be built on Main Street for Robert Elliott. It will be a two-storey structure, the main floor a store and upstairs living quarters.

Dr. Traynor, formerly in practice at Terrace, returned south yesterday morning after winding up his business at the fruit town.
