Mrs. Furoth Has a Special Way. Perhaps other cooks have used Pacific Milk in the same way. At any rate this is the right method. When Mrs. Furoth is mixing up a cake, say it calls for 1 cup of milk. She takes first 1/2-cup of water and adds Pacific Milk to fill the cup. It is much better to pour the milk into water than to put water into 1/2-cup of milk. Which way do you dilute Pacific Milk?
