**FREIGHTER AMUR
BEING OVERHAULED**

VICTORIA, June 5.—For the first time in what waterfront sages claim to be a period of at least six years, the old freighter Amur is here for overhaul. She is now in the Esquimalt graving dock, with the workmen of the Yarrow plant giving her an extensive overhaul which will take about eight days, and she will also have a new propeller fitted.

The Amur has been overhauled in recent years at Seattle. She is now owned by the Griffiths interests of Seattle and is engaged between Tacoma and Anacortes, carrying ore and towing barges of ore from the Northern mining town. Captain Snoddy, well-known skipper on this coast, is in command. Before going into this service she was one of the B. C. Coast Steamship fleet and ran to Northern ports. She came here in the early days.

SANITARY INSPECTOR REPORTS TO COUNCIL

City is in Clean Condition; Capability of Garbage Wagon Chaffeur Questioned.

The report of the sanitary inspector for the month of May was read at last night's council meeting and adopted with remarks of satisfaction around the council board. During the month of May 131½ tons of garbage had been collected, 37½ tons of this being from vacant lots. There had been 500 feet of new ditching in Sections 5, 6 and 7, and, although some sewers in Section 1 were not yet satisfactory, the city was in a fairly clean condition. The inspector had made 325 calls and rat poison had also been laid down.

In speaking to the report, Ald. McLennan impressed that dairies should especially receive careful inspection. The mayor stated that the dairies had been inspected since the report had been made.

Alderman Rochester took exception to the appointment of A. McKinnon as driver of the garbage car on the ground that he was not a competent chauffeur and was liable to wreck the car as well as endanger the lives of the men riding on it. It was moved by Alderman Rochester, seconded by Alderman Perry, and carried that the Board of Works investigate the capabilities of Mr. McKinnon as a driver.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers.

It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.
