DEMPSEY'S TRIAL HAS NOW STARTED

Is Answering to Evasion Charge in San Francisco—May Fight Soon.

SAN FRANCISCO, June 9.—The trial of Jack Dempsey, champion heavyweight boxer of the world charged with evading the United States army draft, commenced yesterday. Dempsey has been out on bail for some months and it is this matter; that is delaying his fight for the world's title with Georges Carpentier. If Dempsey clears himself of the charge it is likely he will have to defend his title very soon.

MANITOBA FLOATS MILLION DOLLAR LOAN FOR HOUSING

WINNIPEG, June 8.—It was announced by Hon. Edward Brown, provincial treasurer, that only one million dollars of the new bond issue of $2,769,000 would be sold as a result of the tenders received by the provincial treasury department Wednesday. The bonds will be sold to Wood Gundy Company of Toronto, as the representatives of a financial syndicate. The price quoted by this firm on one million dollars is 89.66, payable in American funds.

Hon. Edward Brown, speaking of the bond issue, said: "The bids indicate clearly that the market conditions have greatly hardened since the last sale of bonds by the government in April. After giving the matter due consideration the government has decided to sell one million dollars of bonds and make temporary arrangements for the other items which make up the total necessary amount of $2,769,000. The million dollars will be used for housing fund purposes in which connection there is some urgency in the need for the money."

Total Exceeds Million.

The successful bid is for 89.66, which means that the million dollars will net, in American funds, $896,600. On this, the exchange will have to be added, which at the rate quoted yesterday of twelve and three-sixteenths per cent, will amount to approximately $109,260. This will bring the total earnings of the loan to approximately $1,005,860. The amount in excess of the par value of the loan will reduce the interest, which is at six per cent for five years, by approximately $5,865, or $1,172 per year. This amount deducted from the annual interest charges of $60,000, will leave an amount of $58,828 as the annual charges. The net rate of interest on the loan will be approximately $5.882 per cent.

Hon. Edward Brown stated that the exchange earnings in this loan would go to the undertaking for which the loan is made. It was a wrong impression, he said, that the government intended to benefit by the earnings of the exchange in all the loans made. The bond issue in April cost the government approximately 5.40 per cent interest.

VISITORS TO LONDON

Estimated Invasion from Canada and United States 160,000 This Year.

LONDON, June 4.—A host of American and Dominion visitors are expected, and the vanguard has already arrived. Sir Sidney Lee, presiding the other day over the Trustees and Guardians of Shakespeare's birthplace, said that nearly 2,000 Americans went to Stratford last year, and there was good promise of a restoration of the old standard in the coming summer. This old standard was 10,000. If 10,000 journeyed to Stratford, how many stayed in London? The Overseas Visitors Bureau estimate the coming invasion at 150,000. In the expectation that many thousands of these will stay some time, the shopkeepers are hoping that any future strikes in their shops will be quickly settled.
