EXCITING BALL GAME ON HILL

Red Sox Get Away with Beavers by Score of 10 to 5.

Last night's baseball game between the Red Sox and the Beavers was won by the former by the score of 10 to 5. In the early part of the game the winners got away with three runs in the first inning and then 7 runs in the fourth. All the rest of the time Ratchford's cubs played a very steady game and right until the last bats the crowd was frenzied in its efforts to pull them up a little higher. Miss Mills on the bench kept the boys going steadily but the heavy lead was a disadvantage and it was hard to make up even in the glorious rally in the eighth when Halverson, Ratchford and Sweet trotted across the home plate.

Shouted Selves hoarse. Perhaps the most enlivening play of the evening was at the moment when a bunch of the cubs on the Red Sox line-up were holding forth at home about some apparent wrong decision. Pitcher Crossley did not lose his chance and kept hurling the ball right over the centre of the plate. Two strikes had been delivered and a third was just coming over when a form with a blue sweater ambled up to the batter's box and took a swing at the pill. He knocked a short fly which Johnny eagerly fondled. The crowd were now hoarse in their cheers for the young boys.

A number of new men appeared on the field last night for the Red Sox. Pitcher Rochon, Catcher Greeve and Right Fielder Wolfe made their debut in the intermediate league and left quite an impression. The Beavers have stayed steadily together during the whole season and the same familiar players were doing their part. Suga on the second sack for the latter made a couple of bad errors during the game but retrieved himself by walloping a two-bagger in the ninth. He advanced a corner in a sacrifice and got home.

The Line-ups.
The line-ups were as follows:
Red Sox—Rochon p., Greeve c., Jones 1b., Astoria 2b., Graham 3b., Carlton ss., Wolfe rf., Davidson c.f., Sherman lf.
Beavers—Halverson rf., Ratchford c.f., Sweet c., Crossley p., Smith 3b., Morrison 1b., Chenoski lf., Suga 2b., Highm ss.
Umpires Hearn and Embleton alternated on the bases and battery. They kept the game going although it was necessary at times to tell some of the Red Sox where their place was on the field.

DRIVEN CRAZY BY IGNORANT DOCTOR

Healthy Man Told He Could Not Live so Committed Suicide

LONDON, June 4.—At Westminster S. Ingleby Oddie held an inquest on the body of David Carey, 28, an engineer's fitter, of Marney Road, Battersea, who threw himself into the Thames from Battersea Bridge. His body was recovered near Whitehall Stairs.

Eustace Carey, a railway engine driver, and father of the deceased, stated that his son joined the Army in 1914 and in 1916 was discharged for valvular disease of the heart. An Army doctor told him that he had only three or four years to live. He remarked to his mother, "That is a pretty fine thing to tell anybody."

The coroner—It was a brutal thing to say. Was he upset about it?—Yes, it seemed to worry him a great deal.

Dr. John Norton, police surgeon, who made a post-mortem examination, said that he found all the organs perfectly healthy, and the heart was one of the healthiest he had ever seen. There was no trace of valvular disease, and there was no reason why Carey should not have lived for 50 years.

In summing up, the coroner said that a perfectly healthy young man had been condemned to death by an ignorant doctor, with the result that he came out of the Army brokenhearted and drowned himself. There was the tragedy of it.

A verdict of "Suicide while of unsound mind" was returned by the jury.

WINNIPEG GROCERS WANT OPEN EVENINGS

Petition Being Signed for Presentation to City Council.

WINNIPEG, June 16.—Two petitions asking the city council to amend or repeal the early closing bylaw, are being circulated by the Winnipeg Retail Grocers' Association. The petitions will be presented by a delegation to the city council Monday, June 21. One of the petitions is being circulated among the retail grocers. Eight hundred are expected to affix their signatures. The other petition is receiving wide circulation among the public.

The petition from the grocers asks that the bylaw be amended to include grocers among the number of merchants who can remain open in the evenings. The petition states that many small merchants dealing in mixed stock including groceries, will be forced out of business when the bylaw goes into effect. It will also prevent the petition states, the opening of many small stores, and will give the larger businesses a monopoly.

NOTICE

IN THE MATTER of an application for the issue of a fresh Certificate of Title to Lot Three (1), Block Fifteen (15), Town of Stewart (Map 5184). Satisfactory proof of the loss of the above Certificate of Title having been produced, notice is hereby given that it is my intention to issue after the expiration of one month from the first publication hereof, a fresh Certificate of Title in the name of Victor A. G. Elliot, which Certificate is dated 24th October, 1910, and is numbered 229-L. Land Registry Office, Prince Rupert, B.C. 30th day of May, 1920.
H. F. MacLEOD,
District Registrar of Titles.

GOOD PROFITS ON COPPER

Report From New York on Granby Operations Proves Interesting.

Of the 11,260,585 pounds of copper produced by the Granby Consolidated Mining, Smelting & Power Company during the six months' period ended December 31 last, 7,088,000 pounds were sold at an average price of 19.6 cents a pound, says a New York report. The smelter cost of this metal was 14.20 cents a pound. In the corresponding period of 1918 the company sold 23,247,971 pounds of copper, against its production of 16,113,670 pounds. The average price then received was 23.8 cents a pound and the smelter cost 15.4 cents a pound. Much of the excess cost in the earlier period was due to the fact that the Grand Forks smelter was then in operation and its cost was around 20 cents a pound.

During the last half of 1919 the Granby increased its loans from bankers by close to \$1,000,000. This item at the end of December stood at \$5,983,900 as against \$5,035,243 on June 30. Accounts payable and accrued liabilities in the same period rose from \$1,073,500 to \$1,203,000.

Accrued liabilities of \$643,000 included provision for unpaid balance of Dominion taxes actually assessed to June 30, 1917. No provision has been made by the company for Dominion income taxes for the two fiscal years ended June 30, 1919, and for provincial taxes for the calendar years 1917, 1918 and 1919. These liabilities are estimated at approximately \$400,000.

Since the beginning of 1920 the Granby has paid out in back taxes approximately \$1,000,000.

The company has been adding to ore reserves through a monthly excess of ore developed over the amount extracted. The properties have been inspected by E. P. Mathewson, formerly with the Anaconda and American Smelting and Refining companies.
