STEWART TEAM ON THE ROCKS

Arrived Safely this Morning After Rather Exciting Time—The Line-up.

The Stewart team arrived this morning on the gas boat Prince of Wales feeling fit and ready for the game this afternoon against the local nine. There are two games scheduled, one at 3 and the second at 6:30. The line-up of the visitors is as follows:

Buchanan c., Preist ss., McKnight 3b., Daly p., M. Romans 1b., Kellerman 2b., V. Romans cf., S. Benson rf., Malloy lf.; Hern referee.

There was rather an exciting time coming south when the Prince of Wales went on the rocks during the night and the ball players all turned out somewhat in dishabille to see what was the matter. They were soon off, however, and arrived safely.

Sport Briefs

In the Smithers-Tekwa baseball game of last Sunday Hutchinson of the G.T.P. staff at the divisional point officiated as referee and acted most capably. All last season "Hutch" attended to the various fixtures and players and fans were all satisfied with the decisions during the various matches.

One of the most interesting matches of the intermediate baseball league will be played on Monday evening when the Red Sox and the Colts for what most critics consider to be the deciding engagement for the championship. Both teams have been eagerly preparing for this fixture and an exciting ball game is anticipated. It will be a supreme effort by both to gain the complete upper hand. Rooters for both parties will be on the benches and great will be the rejoicing as a gain is made for the respective camp.

At the football game last evening \$45.00 was collected, which is the largest amount gathered at any fixture held this season. This money will go towards securing medals for the winners of the cup.

CALLIES WIN FIRST GAME

By a Score of 3 to 1 Scotchmen Beat Sons of England.

Last evening the Callies walked away with the honors in the first semi-final for the Dominion Day football play-off by a score of 3 to 1. The winners had the shade of the play throughout the first part of the game but the Sons of England picked up in real style when they got the down-hill in the second half. At half time the score stood 2 to 0 in favor of the Scottish eleven and the English boys were still out for gore. Immediately after the whistle to resume play, the Sons, eager to take the first opportunity to break through, made a brilliant play and were pressing hard against the opposing defense. Strive as they did, however, they could not engineer the leather through the lines and finally the ball came back to their own end where the third goal was scored. A few minutes before time a long shot from near centre rolled by the Callie goalie and netted the sole score for the boys in red.

The first goal for the Callies was made by White at centre by a very nice touch in from the right. In the general scurry that followed a short time after the ball was touched and it slowly lobbed towards the goal. It hit just inside the goal post and rolled unchecked into the net. The parting shot from D. Wiggins' toe had done the trick. In the first part of the game there was a marked eagerness by both sides and some excellent ball handling was displayed by Abe Kinghorn, the star centre half for the Callies.

Successful Shot.
In the second half Tommy Black's successful shot from the left brought the whole crowd to its feet with a shout. It was one of those shots which may be read about but is very seldom seen. It was a beautifully clean piece of work. Undaunted the Sons, like the good sports that they are, kept right on playing and Bentley, who had shown up in fine form during the whole evening, took a long punt from near centre. The Scotch back stood aside to let Martin pick it up but the latter fumbled it and the ball was soon resting in the back part of the goal.

McCulloch was referee, with Warrior and Cummings as linesmen.

Dr. and Mrs. E. H. Archibald were among the arrivals from Vancouver by this morning's boat. Dr. Archibald who is professor in the chemistry department at the University of B. C., is here as supervisor for the high school examinations to be held next week.

Miss Ethel M. Kinch and mother arrived from Vancouver on the Prince George this morning. They are making the round trip to Stewart.

HERB REMEDIES DO WONDERFUL WORK

One of World's Most Famous Herbal Preparations Now Handled by Prince Rupert Concern.

Herbs have always been known to possess wonderful medicinal properties. There are but few bodily complaints for which a corrective is not found in the juices of the stalk, leaf or flower of the simple herb. This fact is conclusively proven by the truly wonderful work done by Wonder Health Restorer, a herbal preparation now offered in Prince Rupert.

Wonder Health Restorer contains nothing but the concentrated juices of herbs. There is not a trace of alcohol or drugs in the preparation. It acts directly on the blood and the various bodily organs, relieving them of impurities, toning up the organic fluids and correcting improper action wherever it exists. It is an unequalled preparation for cases of rheumatism in all forms, asthma and kindred diseases, indigestion and all stomach troubles, nervous complaints, kidney and bladder troubles, skin diseases, piles, etc.

A typical example of the work of Wonder Health Restorer is that of Mr. Duncan of 1368 Eleventh Ave. W., Vancouver. This man suffered from asthma since childhood, his condition being so acute as to make hospital treatment necessary. On the advice of a friend he tried Wonder Health Restorer and, such was the marvellous relief he received that he commends its use by all sufferers from this ailment.

What Wonder Health Restorer did for Mr. Duncan's asthma it has done for hundreds afflicted with ailments such as noted above. What was done for persons thus afflicted and full details concerning this wonderful remedy are contained in "The Road to Health," a booklet just issued by the distributors in response to many enquiries. This booklet should be in every home. Copies of it can be obtained locally from the Prince Rupert Drug Co., who are handling the sale of Wonder Health Restorer in this district.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
