

It Represents Our Store

Of course you know that our catalogue comes to you representing ourselves, but you may not know that it offers you absolutely the best of each particular line we have to offer. For instance, each year the lines which have not been so favored as others are culled from the pages. It continually undergoes a refining process, so that you can rely upon everything shown as being up to date and in popular fancy.

DEPARTMENT OF LABOR ISSUES ANNUAL REPORT

Gives Review of Conditions with Particular Reference to International Organizations.

The Ninth Annual Report on labor organization in Canada, containing statistics, etc., for the calendar year 1919, has been issued by the Department of Labor. The report deals with the advent of the One Big Union and also gives a review of the progress of the national Catholic unions in the province of Quebec. Notwithstanding these two forces, the international organizations have made a very substantial gain in their following, while the non-international bodies and independent units show losses.

The figures given in the report show that trade union membership in the Dominion has reached the highest point recorded since the department commenced the publication of these annual reports in 1911, the total reported membership for all classes of labor bodies in Canada at the close of the year 1919 being 378,047. There are in all 2,847 local branch unions in the Dominion, of which 2,309 are affiliated with international organizations, comprising 260,247 members, an increase over 1918 of 412 branches and 58,815 members; 325 local branches with 33,372 members are connected with what are termed non-international bodies, these figures showing a loss of seven branches and of 4,556 members; 29 are independent units, a decrease of 16, and the reported membership was 1,249 less than that reported in 1918; the national Catholic unions number 83, comprising a membership of 35,000; the One Big Union reported 101 units with a membership of 44,150.

These figures show a gain of 573 in local branches of all classes of labor bodies operating in Canada, and the remarkable increase in membership of 129,160. The membership of all classes of organized labor in Canada, as reported to the Department for the past nine years, has been as follows:

1911	133,132
1912	160,120
1913	175,799
1914	166,163
1915	143,343
1916	160,407
1917	204,630
1918	248,887
1919	378,047

CONSUL TELLS AMERICANS OF PRINCE RUPERT

Speaks of New Work About to be Done Here With Large Expenditures of Money.

In the United States commercial report for May 20 appears an article signed by Consul E. A. Wakefield of Prince Rupert telling of the expected developments in this district. It says:—

"A general belief prevails that Prince Rupert and the surrounding district will expand and develop wonderfully during the next few years; in fact, that the development period has arrived. Conditions in Prince Rupert today are said to be more promising than ever before in the history of the municipality, and the same is true of the surrounding district. Mining activities throughout central and north central British Columbia and the demand for forest products are responsible for many new arrivals here, and the city of Prince Rupert has been full to overflowing, from a housing standpoint, for many months.

Government Expenditures
Provincial acknowledgment of these conditions is seen in the amount allotted to this district in the government estimates which have just been submitted to the Assembly. The principal expenditure in Prince Rupert itself will be for provincial government buildings to cost \$500,000, of which \$100,000 is provided in the expenditures for this year. A new public school is to be constructed at a cost of \$150,000 to \$200,000, for which the provincial government will provide one-third of the necessary funds.

The present government wharf at Prince Rupert is to be improved and extended at an outlay of \$80,000, and a new bridge in the city limits to cost \$20,000 or \$25,000 will be partially paid for by the provincial government.

"The estimates carry a lump sum of \$64,000 for the Prince George section, \$81,000 for the Omineca section, and \$38,000 for the Atlin section, for general expenditure as may be required, with additional specific provisions for a new ferry at Usk and a new bridge at Terrace. Grants are also provided for wharves and improvements at Port Essington and Port Simpson in connection with the fishing industries. On the Queen Charlotte Islands provision is made for the Skidegate-Queen Charlotte road and for the reclamation of 40,000 acres of swamp land at Myers Lake.

Other New Work
"The municipality of Prince Rupert is about to inaugurate a permanent road and sewer construction program which will permit of continual development with the increasing growth of the city. On the water front, in addition to the government wharf extension already mentioned, the Grand Trunk Pacific Steamship Co. will immediately commence the construction of an addition to its present wharf with large storage freight sheds. An English capitalist has called for plans and estimates for a modern apartment house to be erected near the center of the city, and numerous dwellings are being built. Everything seems to indicate a period of marked prosperity in this city. The one distinctly unfavorable feature is the lack of housing accommodation, which is serious."

O. R. Bent was dismissed from the hospital yesterday afternoon after a week's illness.

STEWART LEADS OTHER TEAMS

In Northern League Ball Team Holds Premier Position, with Anxox Second

The Stewart baseball team, the present visitors in the city, have been off to a good start in the Northern league. So far they have not lost one game and are now here to have a good whack at Prince Rupert. On Sunday the next game in the league takes place between the Dolly Varden boys and the Anxox team, to be played at Alice Arm.

The northern league has been putting up a good brand of ball, but Stewart with its superior battery has been shutting the others out. The standing of the three teams in the league is as follows:

	W	L	Pct.
Stewart	3	0	1.000
Anxox	1	2	.333
Alice Arm	0	2	.000
