Mining News

The Kitselas Mountain Copper Company's concentrator at Usk has been running steadily during the past week and considerable development has been proceeding at the mine at the same time. Much high grade ore is being handled and recently a new vein has been scraped off along the face of the mountain and some fine samples have been taken out and sacked for shipment. A tunnel on the level of the ore bunkers has been run in several hundred feet to tap the vein. Drifting and stoping will now follow. The ore carries gold, silver, mercury, copper and other elements in smaller percentages.

Almost immediately now will the work start on the wagon road up the Salmon river to the Big Missouri Flats. This news will not only be gladly received by the companies operating in the district but by everyone interested in the progress of Stewart. Construction of the road will make it possible to carry on much earlier shipping besides hastening the further development of new and rich showings. Very probably the road will be finished before the winter sets in and will be made as permanent as present conditions permit. Geo. Clotier, the district engineer, made the recommendation some time ago and when Hon. William Sloan made a personal visit to the district the matter was finally settled.

Statistics of the world's gold production for 1919 indicate that Canada was the only country to record an increased output. The estimated value of the gold mined last year is about \$350,000,000, a decrease of 6 per cent compared with 1918 and of 25 per cent compared with 1915. Last year 70 per cent of the total was produced within the British Empire, where the decrease amounted to only 2.3 per cent. This relatively favorable result was largely due to the stimulating effect which the premium on gold had on mining in South Africa during the last quarter of the year. On the other hand, the output from Australian mines decreased by 16 per cent. In the United States there was a decline of 14.5 per cent, and there is likely to be a further marked decrease this year.

During last week thirteen cars containing over a million pounds of ore went out from Cobalt. This constituted a record shipment for many months. The total approximated 520 tons.

AMERICAN AIRMAN SANK TROOPSHIP

LONDON, June 21.—An American airman sank a Bolshevik troopship in the Dnieper River in the Polish-Ukraine drive that resulted in the capture of Kiev.

TIMBER SALE X 2420.

Sealed tenders will be received by the District Forester not later than noon on the 2nd day of July, 1920, for the purchase of Licence X 2420 near Woodcock, B. C., to cut 75,000 lin. feet of Cedar Poles and Piling.

Two years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B. C., or the District Forester, Prince Rupert, B. C.

TIMBER SALE X 2516.

Sealed tenders will be received by the District Forester not later than noon on the 2nd day of July, 1920, for the purchase of Licence X 2516 near Usk, B. C., to cut 30,000 lin. feet of Cedar Poles and Piling.

One year will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B. C., or the District Forester, Prince Rupert, B. C.

MEMORIAL PLAN MAY BE CHANGED

Veterans Ask to be Allowed to Keep Present Premises Instead of Lots on the Hill.

Last evening a delegation consisting of J. H. Kelly and D. S. Cameron from the G. W. V. A. waited upon the City Council and asked for the privilege to hold their present location instead of the two lots on the hill which had been granted by the city some time ago. They felt that all memorial committees had fallen down and they were now willing to do a little on their own and fix up their present site on Third Avenue. The lots which had been granted by the city were carrying taxes which they were unable to meet and would simply have to be retained as a white elephant. Mr. Kelly spoke particularly of what had been done in Fernie and Edmonton but hardly expected as much here. However they would carry on the ideals of their organization at their present site, if only they could get the assurance of the city.

Spontaneous Expression.
Mr. Cameron spoke of how the committee had considered the selling of bonds but for himself felt that if there was to be anything done it ought to be the spontaneous expression of the people. He suggested moving their present headquarters farther back on the lot and then building a brick faced addition fronting Third Avenue. A suitable tablet could be erected in the brick face. To retain the lots on the hill, he felt, would be foolish and asked if it was necessary to put a bylaw before the people.

Large Hall.
The Aldermen took an opportunity to express their views on the matter. Ald. Kerr thought that the original site which had been granted was an ideal one and had been chosen by their own organization. He thought that a number of the fraternal organizations might all get together to erect a semi-public building that would have a large hall for the use of all. Ald. Perry felt that no tangible method of expression could ever sufficiently idealize the true feeling of the people. Ald. McLennan thought the proposed transaction a very fair trade. The mayor brought the matter to a close by asking the delegates to hand in a written document with their desires and it would be given proper consideration at the next meeting.

COLTS PUT IT ALL OVER THE SAWMILL

Score of 13 to 2 in Favor of the Leading Ball Team.

Last night's baseball game between the Colts and the Sawmill ended in another victory being added to the record of the former by a score of 13 to 2. The game was lively throughout although the loose fielding of the boys from Seal Cove accounted somewhat for the high score against them. Specially excellent was the fielding of the Colts and they have now played together long enough to back one another on the plays to a nicety. They did not have to stop and figure where to throw the ball when it was batted to them.

A little difficulty was experienced in securing an umpire but Mr. Laporte finally agreed to act and officiated to the satisfaction of all.

DOMINION DAY

Sports Committee Made Final Arrangements for Fireworks and Arranged Program.

There was a meeting of the sports committee in connection with the Dominion Day celebration under the auspices of the Sons of Canada. It was decided to accept the fireworks, which arrived too late for use last year at the fair and to set them off at Market Square on the evening of July 1.

The afternoon will be wholly given up to baseball and football at Acropolis grounds. The program of sports was finally settled but the securing of a band is still a matter for negotiation.

The current number of the British Columbia Gazette contains announcement of the appointment of Henry Brynning of Alice Arm to be a notary public.

SAVE YOUR SIGHT

EVERYBODY—the most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.
The removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
