Splendid Work of Hospital Auxiliary.

The annual report of the Ladies' Auxiliary to the Prince Rupert General Hospital hardly conveys to the ordinary person the correct idea of what the women have done for the hospital during the past year. It shows that a large amount of money has been raised and that an immense number of articles have been provided for the use of the patients and the staff of the institution. What it fails to tell is of the vast amount of painstaking work done by the president, Mrs. McGlymont, and the officers and members of the society.

The articles mentioned in the report were all made by members of the auxiliary from material purchased with the money raised. Anyone who knows anything about prices must be aware of the hundreds, possibly thousands, of dollars saved to the hospital by having this work donated. The women worked every Monday at the hospital and on other occasions, and the result has been that the patients have been better provided for than for many a day. It was a task which was not spectacular and in which there was no glory, but there must be a feeling of satisfaction at useful work well done. The ladies are very modest over their work. They do not advertise themselves, but the Daily News is able to vouch for the great value of the work they have accomplished and is glad to make this acknowledgement.

More Ship Contracts. May be Expected.

It is to be hoped that if there are ship contracts being awarded, this point will be considered. Newman Erb has been from time to time taking up the matter with the Dominion Government and it seems as if the present proposal of the backing of the shipbuilders' notes by the Government would meet the case. While it will be some time yet before the local ships are finished, provision must be made to keep the yards busy. It will be good for neither the shipbuilders nor the city of Prince Rupert to have a shut down. Not that a shut down is likely. It seems pretty sure that Mr. Erb expects to secure more contracts or he would not have gone as far as he has. It is hardly to be expected that the two ships on the stocks can pay for the plant which has been installed as well as making dividends for the builders.

Hydro-Electric Power Schemes.

The comparative reports on the Thulme River and Shawans power schemes published yesterday make very interesting reading for those who have followed the development of power schemes and who are interested in the future of Prince Rupert. Reference has been made to these on several occasions. It is not expected that anything will be done this year as the present financial status of the city and of the country generally is not such as to encourage launching out into big expenditures. There are already some bonds to be sold before the city can expect to undertake any big work of that kind. Also there is other work to be done which is badly needed, such as the building of the Morse Creek bridge. At the same time it is a good thing to consider every possibility. We have before us now two of the possible schemes. The other is the larger one of Khatada or Falls River, which it has been hoped would be undertaken by a private concern and thus relieve the city of the responsibility.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

HOSPITAL WORK DONE BY LADIES

Immense Number of Articles for Local Institution by Ladies' Auxiliary.

OFFICERS ELECTED

FOR COMING YEAR

At the annual meeting of the Ladies' Auxiliary of the Prince Rupert General Hospital, which took place yesterday, officers were elected for the coming year and a report of the past year's work was received. The report of the former secretary, Mrs. Darton, showed that since June 30 last, when the society had been reorganized, the sum of \$2,484.42 had been raised and an immense lot of work done for the hospital in the way of providing linen and other articles.

The new officers elected for the coming year are:

President, Mrs. Darton.

1st Vice-Pres., Mrs. Pringle.
2nd Vice-Pres., Mrs. W. H. Ker-

gin.

Secretary, Mrs. Blance.

Treasurer, Mrs. Duncan.

Representatives on Hospital Board, Mrs. McLeod and Mrs. Parsons.

The report of the secretary, Mrs. Darton, for the past year follows:

The Ladies' Auxiliary of the Prince Rupert General Hospital was reorganized June 30, 1919, and has a membership of 19.

Twelve regular meetings have been held during the year and one special, with an average attendance of 10. The purpose of the auxiliary is to assist the hospital board in caring for the welfare of the nurses and patients, and has, during the past year, taken care of the mending for the hospital and has made and contributed the following articles:

10 dozen bath towels.

100 large sheets.

100 draw sheets.

125 pillow cases.

54 bed spreads.

18 hospital shirts.

20 binders.

1 oil stove.

24 lith. sheets.

24 lith. stockings.

24 tap sheets.

24 stand covers.

24 instrument tray covers.

50 line towels.

24 doctor's caps.

24 patients' caps.

24 doctors' gowns.

A donation of \$25 was also sent to the Hospital Board to help towards buying Christmas presents for the nurses and patients and a piano has been bought for the use of the nurses.

Two committees were formed, the buying committee and the ways and means committee, and the auxiliary is represented on the hospital board by two members. A dance was held in October, two home cooking sales, sales of candy, a booth at the fair and a vaudeville show. The Prince Rupert Dramatic Society kindly donated the sum of \$155.45. The receipts from the above together with the dues paid make the total amount raised for the year \$2,484.42.

There may be something you want. See the classified column

TIMBER SALE X 2218.

Sealed tenders will be received by the Minister of Lands not later than noon on the 2nd day of July, 1920, for the purchase of Licence X 2218, to cut 6,600,000 feet of Spruce, Hemlock and Cedar in an area adjoining S. T. L. 1719, Cumshewa Inlet, Queen Charlotte Islands District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

Ten Years Ago in Prince Rupert

The University Commission which will decide upon the location of the University of British Columbia arrived in Prince Rupert yesterday noon on the 2nd day of July, 1910.

The new Majestic Theatre on Third Avenue near the corner of Sixth Street will be open to the public tonight with that most interesting show "King Edward and the Wright Bros." exhibiting the aeroplane before the King of Italy.

When the Grand Trunk Pacific's new boat Bruno (Prince Albert) arrived at Massett on her first trip it was found that the citizens were flying banners from every vantage point about the wharf and large crowds had assembled to give a welcome.

At last night's meeting of the City Council it was decided that no money should be given to the Publicity Club and that henceforth dances and entertainments should pay their own way.

Correspondence was the main feature of the evidence Morton

H. B. FOWLER,

A. E. KERWIN,

H. B. Fowler, agent.

Frewen in the suit which he is bringing against President Hayes regarding Prince Rupert townsite lots.

HALF the charm of silken things lies in keeping them fresh and sweet. Moreover perspiration discolors and shortens their life. Why not wash them after every wearing?

It's delightfully simple. Use the pure, gentle, cleansing LUX suds. Make just a bowlful, anywhere, any time. Just dip them up and down—press out the water—rinse—iron with a warm iron—and it's done.

L
