## MINING CAMP BUILDING BOOM

### TWO CABARETS AND MANY RESIDENCES GOING UP AT ALICE ARM

Alice Arm is now undergoing a building boom and new buildings of varied architecture are being erected all over the town. In the last year the increase in buildings has been very noticeable the number having about doubled. The new buildings are about evenly divided on the Alice Arm Development Co.'s townsite and the original site now belonging to J. M. Morrison.

A new three storey hotel is in the course of erection by Antor Serbich and should be ready in a few weeks' time. Room accommodation here is as scarce as all reports on the outside have stated and every available bed in the place is always occupied. This fact accounts for shacks and tents rising almost overnight.

Two large cabarets built of logs are also in course of erection and will be opened shortly. On account of the scarcity of lumber and the difficulty of transportation, logs are being used largely in the new buildings. There are many skilled loggers in the place and the buildings put up are of first class architecture and construction.

The camp seems to be taking on an established air that it has never possessed in the past and all the residents are filled with confidence at the outlook. Although work has not actually commenced this summer in full swing, in another month's time the height of the season should be on and all should be fully occupied.

## Sport Briefs

All the collection taken up at the games in the Commercial league is being given to the fund for the erection of a dressing room on the Acropolis Hill grounds. At the two games already held in the evenings the sum of \$47.40 has been realized which is very substantial, considering the size of the crowds that attend the game.

Last week end a stranger in the city made the trip out to Shawatlans lake with a kind friend for a pleasant fishing jaunt. Many of the local sportsmen told them that there were no fish out there and they would probably have to go as far as Woodworth lake before they got a bite. However, the young man pulled on his hip boots shortly after leaving the head of the lake and stepped on to a nice sandy beach, by the side of the stream. It looked like a promising place but his comrades discouraged him. However, he stayed with it and before leaving had hauled out 26 trout. Now the stranger has gone east to tell of his wonderful two hours' fishing near Prince Rupert.

The baseball game between the Regulars and the Yammigans which was to be staged at the Acropolis Hill grounds last evening was put off on account of unsettled weather conditions. The Junior League match between the Tiny Tims and the Beavers was also postponed until a more favorable time.

In the second game of the Cup Tie Series for the Dominion Day football match the Trail Athletic Club will be represented by the following players tonight against the Grand Trunk team: J. Judge; J. Trinker and Vic Menzie; W. Anderson, H. Day and W. Brown; P. Conlin, G. Lumsden, S. Hardy, J. Johnson and E. Craggs. Reserves, Davies and Lamb.
