BAD CONDITION IN TORONTO

Tightening of Money Causes Merchants to be Embarrassed and Consequent Failures in Business

The following received from Toronto from one of the largest merchants in his own line of retail stores may be of interest:

"So far as business is concerned there ain't any; in fact, the backward season, the curtailing of credits by the banks, together with the budget, have jointly and severally put the skids under several firms already. They have not been able to dispose of their businesses as going concerns, nor have they even been able to sell their leases. With their stake gone, nothing remains for them but to close down.

"This burg is slow enough when in bonanza, but when a slump like this comes along, all the money goes out of circulation in the first fifteen minutes; the people simply won't buy anything and the clothing trade, and in fact dry goods generally, is particularly embarrassed, with the result that the reaction is felt everywhere. I doubt whether things will improve at all this year; and it looks as if the fall will see many more firms out of business and very much unemployment thfough the winter—a cheerful prospect."

IN THE LETTER BOX

COST OF LIVING

Editor Daily News:

As Mr. Hinton gets older he does not seem to have any more regard for what he says than he did in his youth.

For a great many years he has been telling us what great things the railroad was going to do here and he would come back next year and tell us it all over again, and our papers would publish it and laugh to himself.

But this time he has made statements to a committee of citizens which are so far from the truth they ought to be corrected.

I have just returned from Vancouver, and while there I looked into the prices of various things. I did not see a thing that was dearer in Vancouver than it is in Rupert, even fish. All kinds of clothing, overalls, boots and shoes are away cheaper there than here. Meats are only a little over half the price there, all you have to do is to read the ads. in the paper; and you will see for yourself.

Mr. Hinton tells us how many dollars per month the longshoremen are receiving. I do not know anything about that. He may be correct, but if we are to judge him by his other statements I would say that the men are getting about one hundred and fifty dollars per month.

I am not saying anything about the merits of the strike, but this I will say, that any man working here should have at least fifteen per cent more than is paid in the cities to the south.

A TEN YEAR CITIZEN.

Stuart Henderson, K.C., the well known lawyer from Victoria, was an arrival from the interior by the train last evening.

THROUGH TRAIN TO THE COAST

"The National" will be Operated from Winnipeg to Vancouver by C.N.R. and G.T.P.

As the first tangible evidence resulting from closer consolidation of Government controlled lines in Western Canada, the Grand Trunk Pacific and Canadian National Railways make the announcement that commencing next Sunday train service between Winnipeg and Vancouver will be materially improved by the inauguration of a new through, fast, limited, daily train which will leave Winnipeg at 10.25 p.m., arriving at Saskatoon 12.40 p.m., Edmonton 11.25 p.m., and Vancouver 9 a.m., returning leave Vancouver 8.00 p.m., Edmonton 8.00 a.m., Saskatoon 6.20 p.m., and Winnipeg 11 a.m.

In line with the national ownership and the importance of the trains operating in this service, these two trains will be known both east and west bound as "The National." The equipment, in addition to the usual mail, baggage and express cars will consist of colonist cars, first class coaches, tourist cars, standard sleeping cars, dining cars and compartment - observation cars. The passenger equipment is of the finest and every facility has been provided to furnish the highest degree of comfort to patrons.

A very desirable feature of this service is that trains will operate over the shortest possible route, namely Grand Trunk Pacific railways between Winnipeg and Edmonton, thence Canadian National Railways between Edmonton and Vancouver.

The necessity of establishing such a service has been demonstrated owing to the ever increasing popularity of the route covered by these two lines and the schedule has been so arranged that stops are only made at the more important points, for the purpose of best serving the hurried business man who desires to make a transcontinental trip in the shortest time and also ensures the tourist and pleasure-seeker an opportunity to visit the Pacific coast or westerners to visit Eastern business centers and resorts and return within the usual vacation time.

The desire of the management of these railways is to provide service that will appeal to all classes, and accommodation has been so provided and in addition thereto this service will afford patrons an opportunity to see the development in Western Canada not only from an agricultural but also from a scenic standpoint.

Connections will be made at Winnipeg to and from the East.

Pacific Milk Is Alone

Pacific Milk is now the only milk canned in our Province. The demand for it increases every month. The factory out at Ladner has been enlarged and still they are as busy as they can be. We may have to increase it again.

Women have learned that this milk is natural in flavor and is the best they can find for cooking.

INCREASED RATES FOR ADVERTISING

The continuous increase in the costs of production, both in wages and material, has made it necessary for the advertising rates charged by the Daily News to be revised, and the new rates will take effect after this issue. From now on, transient display advertising will cost $1.25 per inch per insertion, and if required on the front page, $2.00 per inch. Reading notices will be charged at 25c per line per insertion and classified advertisements 2c per word. The rates on the other particular classes of advertising are shown on the new rate card, which may be had upon application.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ills, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
