PROHIBITION AND DEMOCRATS

Cutting off of Liquor Supply Is Likely to be Big Issue at Convention.

SAN FRANCISCO, June 24.—Prohibition is likely to be the big issue at the Democratic convention which opens here June 28. That is the view of many of the delegates arriving. The question of the League of Nations does not affect the people personally. It is more or less of a sentimental cause to fight for. Prohibition, however, affects every man and woman in the country, directly or indirectly.

TORONTO CARS NOT RUNNING

Men on Strike and Jitneys Take Business in Ontario Capital.

TORONTO, June 24.—Following the strike by the street car men yesterday morning the local service has been suspended. The men are asking for 55 to 60 cents per hour. As soon as the cars stopped, jitneys were brought into operation and did a rushing business all day. Many crowded the running boards of the automobiles during business hours.

HAZELTON

Messrs. Arthur and Howard who arrived from Terrace have started some new development work at the Delta. Two shifts will be operated until the tunnel is finished.

• • •

Miss Wallace of New Hazelton is superintending the examinations at the school here this week.

• • •

On the day that the aeroplanes arrive from New York on the transcontinental flight to Nome there will be a picnic at the Hospital grounds where the planes will land. There will also be a Red Cross refreshment booth where coffee, tea and lemonade will be sold.

• • •

Fred Dubord has sold his interests in the Omineca Hotel and the new proprietors, J. Uren and H. Cola of Edmonton are busy getting the place in shape for an increased summer trade.

• • •

John Willan, brother of Rev. W. B. Willan of New Hazelton, is expected to arrive from Saskatchewan in a few days. He will take up a pre-emption in the vicinity and will later bring his family to B.C.

INHERITS ESTATE

VICTORIA, June 23.—Col. B. M. Humble, manager of the Empress Hotel, has resigned, and is going to England to take over an inherited estate, said to be worth millions.

PLACING RESPONSIBILITY FOR FISH CAR SHORTAGE

(Continued From Page One.)

from the fishing fleets operating off the western coast, and the forwarding of same, partly to points in Eastern Canada but principally to New York, Boston and other points in the Eastern States of America.

3. That for the said business there is no outlet from Prince Rupert through Canadian territory other than the Grand Trunk Pacific Railway

4. That a considerable business is growing up in the forwarding of fish taken from the lakes along the line of the E. D. & B. C. Railway, and shipments of such fish are from time to time offered to the G. T. P. Railway for transportation east from the city of Edmonton.

5. That the fish business, before referred to in paragraphs 2 and 4, is steadily increasing and promises to continue to increase.

100 Cars Needed.

6. That at present the volume of said fish business is such that the equipment of the G. T. P. Railway is insufficient to handle same, and that in order to avail itself of all the business offered, the G. T. P. Railway Company would require an additional equipment of one hundred (100) cars.

7. That the equipment required for the handling of this traffic is what is known as express refrigerator cars.

8. That the G. T. P. Railway Company's total equipment of said cars consist of fifty-eight, which is far from sufficient to meet the present requirements of the traffic offered, much less to meet the increase which is expected to develop.

9. That the maximum distance covered by the cars employed in the said traffic is Prince Rupert to New York, or approximately 3,650 miles. That the round trip between these points, in the case of refrigerator cars, is found to take up about one month.

Used American Cars.

10. That hitherto the G. T. P. Railway has been to a large extent availing itself of cars of American railway companies at great cost in mileage charges or rentals, but since the end of January, 1920, these cars have been withdrawn from the use of the G. T. P. Railway Company, the reason given being the shortage of such cars in the United States. That the withdrawal of these foreign cars has seriously aggravated the existing shortage from which the G. T. P. Railway was already suffering.

11. That the result of the said shortage in the equipment of the G. T. P. Railway is that an enormous quantity of fish is arriving at Prince Rupert from the American fishery vessels, and finding no outlet over the G. T. P. Railway, is taken south to Seattle, the home port of many of these vessels, and thence east over American railways.

Diversion to Seattle.

12. That in the month of December, 1919, alone there was thus diverted to Seattle shipments of fish totalling 325,000 pounds.

13. That in order to combat the condition of affairs before referred to, the G. T. P. Railway proposes to purchase fifty additional refrigerator cars of a type acceptable to American railways at an estimated cost of $9,350 each, or in all a total estimated cost of $467,500; that such additional cars while not being sufficient to take care of the available business will considerably relieve the present situation.

14. That in my opinion these fifty cars are urgently necessary; that the price quoted is fair and reasonable; that these additional fifty cars, if and when acquired will be fully and profitably employed in the fish business, and will avoid the payment of the heavy rentals heretofore paid to foreign roads, and that with this additional equipment a large volume of trade will be conserved to the G. T. P. Railway, which will otherwise be diverted to American roads.

Primary Importance.

15. That the fish industry is one of primary and vital importance to the city of Prince Rupert, as is evidenced by copy of resolution marked "Exhibit A" hereto, passed by the Board of Trade of the City of Prince Rupert on the 9th April, 1919, urging the G. T. P. Railway Company and others to take steps to provide additional equipment for the handling of the said fish business.

Pacific Milk Is Alone

PACIFIC
MILK

Pacific Milk is now the only milk canned in our Province. The demand for it increases every month. The factory out at Ladner has been enlarged and still they are as busy as they can be. We may have to increase it again.

Women have learned that this milk is natural in flavor and is the best they can find for cooking.

INCREASED RATES FOR ADVERTISING

The continuous increase in the costs of production, both in wages and material, has made it necessary for the advertising rates charged by the Daily News to be revised, and the new rates will take effect after this issue. From now on, transient display advertising will cost $1.25 per inch per insertion, and if required on the front page, $2.00 per inch. Reading notices will be charged at 25c per line per insertion and classified advertisements 2c per word. The rates on the other particular classes of advertising are shown on the new rate card, which may be had upon application.

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from ills, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
