City Bonds Are for Sale.
 Prince Rupert people are often asking for new work to be done. They are keen on seeing the city improved. Now there is an opportunity to do something practical without hurting ourselves. There are some short-term city bonds for sale in small denominations. In order to get these it is necessary to drop in at the city treasurer's office and say you want them. Already some of these bonds have been taken, but not enough. If we expect other people to buy our bonds, we should surely not be backward about taking a few ourselves.

What About Cost of Living?
 When one has to pay sixty cents for a pound of cherries and when notices from wholesalers come in saying there is an immediate advance of 25 per cent in all lines, it is difficult to realize that prices are going down. Perhaps they are not, but there is a very general feeling that they are.

It is an interesting situation and one that is causing much stir among merchants. Prices went up very fast and they may come down very fast, but, it is argued, not while the demand is greater than the supply.

It is well to remember, however, that when real estate took a slump there seemed no reason for it. There certainly was no change in supply and demand. It was simply a matter of psychology. Today there is a psychological move toward lower prices. Merchants are cancelling orders with wholesalers and everyone is watching and waiting and no one seems to know what to do next. What is certain is that prices are inordinately high and that the time is not far distant when they must come down, and the time may be right now. We shall all know before long.

Money is Tight And Credits Short.
 Money is tight throughout the country, and at other places much more so than here. Banks will not lend, even on Victory Bonds except for purely productive purposes. There is a drawing in of credits and people will have to spend only money they have instead of money they think they have. All this may bring business to a saner basis.

In some of the larger cities the automobile vendors are going out of business, and these men will have to turn their efforts to productive work. They are in a position similar to that once occupied by the real estate salesmen.

For anything that looks at all like extravagance the banks have shut down. Not a dollar can be obtained for the purchase of luxuries. Note issues are being gradually withdrawn in order to improve the Canadian credit, which, on an inflated currency had gradually become debased.

Better Money and Lower Prices.
 Canada has debased her currency. Her note issues were too large and were not backed by a gold reserve. As a result her money was not worth its face value on the markets of the world. In the United States it was worth from ten to fifteen per cent less than par.

It is understood that the Government has set out to put the currency on a sounder basis. We do not hear the call of the Government for the notes that have been over-issued, but we soon feel the effect. If the paper currency is gradually assuming its normal value, so will prices of commodities naturally assume a nearer approach to normal value. With the drawing in of paper money by the Government there must go with it a downward tendency in prices of commodities, because the money supply is lessened, and it has become consequently more valuable. There has been too much of a tendency on the part of the Government to make good deficits by working the printing presses overtime and turning out a few thousand more notes, and distributing them as currency. That must cease; in fact it has ceased and the result is already having a good effect on prices.

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEE GARCEAU

32 Hickory St., Ottawa, Ont.
 "I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.
 I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.
 I look upon this fruit medicine, 'Fruit-a-tives', as simply marvelous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

Ten Years Ago in Prince Rupert

The council is now about ready to take up the appointment of a city assessor, and new applications have been called for. The appointment of an assessor will mean the starting of the street work.

Harry Smith, of Stewart, received a wire via Port Simpson on Saturday from Hon. William Templeman stating that the work on the government wharf would be proceeded with at once. It will be an extension of the present wharf which runs up to fourth street. It will be a sorely needed improvement for the mining town.

About \$1,200 has been subscribed for the Dominion Day celebration. Prizes will be on display tomorrow in the windows of Orme's Drug Store.

The Venture and the Princess Beatrice had a race while going out of the harbor yesterday afternoon. They were running bow to bow until turning out through the entrance to the harbor when the C. P. R. steamer cut in ahead.

The Christiansen-Brandt Company are now holding their closing out sale.

SURPRISE PARTY

Mr. and Mrs. Kelsey's Home Raided on Saturday Evening.

A very pleasant evening followed the surprise visit of a number of friends to the home of Mr. and Mrs. Kelsey on Saturday night. Shortly after eight o'clock the merry makers gathered near the home of the intended hostess and all filed in together. Dancing was the main diversion of the evening but following the serving of refreshments provided by the ladies a general sing song was taken up and continued to a late hour.

Those attending were Mr. and Mrs. E. A. Woods, Mrs. Hillard, Mr. and Mrs. J. Boddie, Mr. and Mrs. Gray, Gladys Vierick, Nellie McDonald, Miss Ludgate, Miss Johnson, Caroline Mitchell, and Messrs. E. Hudson, Campbell, R. Hudson, A. Gibson, Gibson, Cox, and Fowler.

DR. LARGE ARRIVES

His Son, Gordon Large, Returns From Attending College at New Westminster.

Among those arriving from the south on the Chelohsin yesterday were Dr. and Mrs. R. W. Large of Port Essington. The doctor has been attending the medical convention in Vancouver which was in session all last week. They were accompanied by their son Gordon who has been studying at Columbia College in New Westminster.

Gordon has just finished sitting for his Junior Matriculation in the south. He hopes to take up medicine at McGill where his brother Geddes is studying for the same profession at present. Dr. and Mrs. Large and Gordon went up the river on this morning's train.

FORT FRASER

Mr. and Mrs. P. Slavin arrived from Houston B. C., to take over the hotel. They are making many alterations to meet with the growing business. The townspeople welcome them and wish them every success.

There have been a number of land seekers in this week. They are well pleased with the country but are seeking large grazing leases.

It is pleasing to report that the people of Fort Fraser, and district can be supplied with fresh beef raised in the district and there promises to be large quantities shipped to other markets.

A meeting was held recently to reorganize the Fort Fraser District Board of Trade. W. Blunting was elected president and many resolutions passed.

The new sawmill under the management of Messrs. McLean is now operating and promises to be running to full capacity in a short time.

The sporting blood of Fort Fraser has taken on new life and
