The Only Dessert of This Kind

There are numerous forms of quick gelatine desserts. But Jiffy-Jell is the only one with the real-fruit flavors sealed in glass.

They crush the fruit, condense the juice and seal it. A bottle of the liquid fruit essence comes in each package of Jiffy-Jell. In a moment's time you can prepare a delicious fruit dessert.

Sugar is used in Jiffy-Jell—not saccharine. And real-fruit flavors in place of artificial. It will give you a new conception of these delightful dainties.

Jiffy-Jell is often used in place of jam, marmalade, etc. Additional sugar may be used to suit the taste.

POISON BAIT FOR HOPPERS

Effective Work Done in Southern Saskatchewan, Says University Professor.

SPLENDID PROSPECTS FOR SEASONS CROP

SASKATOON, June 28.—Dr. A. E. Cameron, entomologist of the University of Saskatchewan, has returned from an extensive visit to the southern part of the province, to North Dakota and Manitoba, where he has been studying the grasshopper outbreak. He is much pleased with the results being obtained by the use of poison bait, and declares that if the work is kept up on its present scale there will be practically no serious damage from the pest this year.

Much better results are being obtained on the Canadian than on the American side. This is due to better organization and also to the fact that all ingredients of the poison bait were bought cheaper in Canada. The grasshoppers in North Dakota hatched out earlier and are now nearer maturity. In one county where no effort was made to control them, the crops have already practically disappeared.

Crops Have the Start

In Southern Saskatchewan the hopper fighting organization is in excellent shape, the crop of grasshoppers has been very heavily diminished by the poison, and the crops, owing to the plentiful supply of moisture, now have a good start over the pests.

Farmers Optimistic

Dr. Cameron said that the farmers in all the districts he had visited were very optimistic and expected a bumper crop this year. He himself had never seen such excellent conditions in Saskatchewan. In some places the grasshoppers had eaten into a field for a distance of about a rod, but the dead hoppers were being found at the rate of several thousand to the square yard, and it was unlikely that any very extensive damage would result from the pest this year.

Hon. T. D. Pattullo, minister of lands, is making a visit of inspection in the Okanagan and Kootenay country, especially in connection with the irrigation schemes which come under his department.

TO SUBSCRIBERS

Subscribers to The News are asked to pay the delivery boys each month when they call, except where payment has been made for the year in advance. The boys when collecting carry official receipts which should always be preserved.

MINERAL ACT.
(Form F.)

SELLING BRISK FISH EXCHANGE

Three Cars Available Tonight When Train Arrives From East.

With three fish cars available which are due on the passenger train tonight, selling was rather brisk at the Fish Exchange this morning.

One car went to Booth Fisheries at 17.1c and 7c to be made up from the Fisher with 12,500 lbs., Bartalome, 10,000 lbs., and Viola, 3,700 lbs.

The National Independent Co. got the second car at 17.2c and 7c to be made up from the Clara N.,7,000 lbs.; Dorreen, 13,000 lbs.; Verna, 5,000 lbs., and Mab, 1,500 pounds.

The Canadian Fish and Cold Storage Co., Ltd., got the third car at 17.2c and 7c to be made up from the Fram, 8,000 lbs.; White Star, 10,000 lbs.; Ethel June, 4,000 lbs.; Margalice, 4,000 pounds.

Pauline,, 11,000, to Cold Storage at 10.4 and 6.5. Lincoln, 12,000 lbs., to Atlin Fisheries, Ltd., 10.7c and 6.6c, and Tyee, 11,000 lbs., to Cold Storage at 10.5c and 6.6c.

Nuba, 10,000, to Booth Fisheries at 11.7c and 7.1c. J. P. Todd No. 2 with 13,000 lbs., to Cold Storage at 10.3c and 6.1c.

A considerable amount of salmon is now coming in and the four boats selling today received very good prices.

The Chatham with 1,900 lbs. of red and 400 lbs. white sold to Royal Fish Co. at 14c for reds and 5c for whites.

Torberg 6,500 red, 400 white and 12 cohoes, sold to B. C. Packers at 13.6c and 5c, and 35c per fish for cohoes.

The Mackerel with 7,900 lbs. red and 900 white to B. C. Packers at 12.6c and 5c.

The D. C. F. No. 1 with 7,000 lbs. reds and 400 lbs. whites sold to Cold Storage at 13.6c and 5c.

Last evening the B. C. Packers' boat the "B. C. P.," sailed for the south at nine o'clock carrying in the hold about 75,000 lbs. of halibut iced down. This cargo constitutes what has been bought at the sales here during the last few days. The fish will be used for freezing at the cannery at Steveston. This is rather a new venture and great intertst is being taken along the waterfront in the project.

TAKE CENSUS OF SEAL HERD

Dr. Hanna on Way North to Undertake Work and Make Report.

Dr. G. Dallas Hanna, member of the staff of the California Academy of Sciences, is on his way to Alaska where he will make a census of the fur seals on the Pribilof Islands under the direction of the United States bureau of fisheries.

Dr. Hanna has been connected with this work each year since 1913. In 1919 it was reported that there were 540,000 animals in the herd. In 1910 when the government first took over the operation of the Island industry there were less than 200,000. During the time when this increase was taking place enough surplus and useless males have been killed and their skins sold at auction to provide the National Treasury with $5,500,000 above all expenses, according to W. W. Sargent, secretary of the California Acamedy of Sciences.

The purpose of the census is chiefly to determine how many animals can be safely removed each year and still provide for a maximum percentage of increase of the herd. If the increase in 1920 continues as heretofore, it is said that there should be about 600,000 of these amphibious furbearers, by far the largest herd in existence, as well as a surplus of about 30,000 males which can be killed for their skins. At current prices of these furs they will be valued at about $3,000,000.

The Callies' football team that plays on Thursday will be made up of Martin, Menzies, Stewart, Kinghorn, Matthews, Booth, Wiggins, Williscroft, Sellars, Black, Reserves, White and Mitchell. They will meet the G. T. P.
