WASHINGTON DISCUSSES GERMANY'S REPLY

NINE UNEXPLODED BOMBS ON STEAMER FROM NEW YORK--LONDON OPTIMISTIC

GERMAN REPLY RAISES ACUTE DISCUSSION IN WASHINGTON

GENERAL OPINION THAT THE UNITED STATES WILL TAKE ACTION—LIABILITY FOR LOSS OF LIFE ON THE LUSITANIA EVADED—DIPLOMATIC SEVERANCE LIKELY

(Special to The Daily News.)
Washington, July 10.—The German reply to the American note repeats the assurances that American ships engaged in a legitimate trade will not be interfered with, stating that American passenger ships will be allowed to pass freely and safely. Germany expresses the hope that the American government will see that these ships do not carry contraband.
The reply has occasioned acute discussion here, and the general opinion is that the United States will be bound to take action, as a result of Germany's unwillingness to concede the right of American citizens to travel on merchantmen of any nationality. Germany's evasion of all liability for the lives lost on the

Lusitania is regarded very seriously, and it is believed that a severance of diplomatic relations will come, with the announcement that America will assert her full rights if further violations occur.

PRINCE GEORGE ARRIVES

The following were amongst the first-class passengers on the Prince George this morning:

Miss Miller, A. O. Merrick, G. H. Challis, Mr. Pike, J. Cadham, Geo. Davis, John Burkess, Mrs. Turner, Mr. Watson, H. G. Anderson, W. Cumming, Mrs. C. H. Nickerson, Miss McBurnie, R. H. McDonald and wife, A. S. Davis, Mr. Carlin, Mr. and Mrs. Tuttle, J. P. Lord, W. S. Turner, Mr. and Mrs. E. W. Matthew, Miss Beckman.

LORD FISHER'S SUCCESSOR, ADMIRAL SIR HENRY JACKSON

He is an expert in torpedoes and the submarine, but it must be remembered above all that he is a very practical as well as a scientific seaman; witness the fact that he commanded the Sixth Cruiser Squadron in the Mediterranean for two years, and, especially, that he was in command of the Royal Naval War College from 1911 until 1913 and became chief of the war staff in 1912. Last year he was appointed Commander-in-chief in the Mediterranean. He was born at Barnsley on January 24, 1855, and entered the navy in 1868. His appointment is everything that could be desired; he is a fine sailor and a master mind.

TWO LOCAL SOLDIERS POSTED AS MISSING

In the latest casualty lists, A. S. Demison and V. F. G. Gamble are posted as missing, instead of wounded, as previously reported. Messrs. Demison and Gamble left Prince Rupert with the first contingent and were transferred to the Princess Patricia's. Their many friends in the city are anxiously awaiting further news.

BECKER REFUSED FURTHER APPEAL

New York, July 10.—Justice Hughes has refused to grant a further appeal in the Becker case. Becker is condemned to die on July 26.

"THE PRICE" AT THE WESTHOLME THEATRE

The Majestic Stock Company presented "The Divorce Question" last night. The play does not attempt to solve the question, but strikingly brings out the dangers of the present system.

Miss Vane Calvert, as Mamie, had the sympathy of her audience; Miss Helen K. May, as Mrs. Rogers Manners, acted convincingly, while Miss Julia Gray, as Catherine Spalding, an impetuous youngster, was delightful.

Fred Cantaway, as Father Jerome, was very impressive; Albert Lawrence, as Mr. Herbert Lockwood, the divorced husband of Mrs. Manners, filled a difficult role ably. Hugh O'Connell, as Dopic Doe, the outcast son of the Lockwood couple, was great. Edward Tisne, as Harold Kieckelbush, a badly love-stricken youth, was amusing, while W. W. Craig, as Patrick Kelley, the priest's servant, tickled the audience with his quaint Irishisms.
Tonight the company concludes its visit with the presentation of a comedy drama entitled "The Price."

LOCAL BASEBALL

The Colts and C.C.'s played a close baseball game last night, the Colts winning by 12 to 11. Up to the fifth, the C.C.'s led by 4 runs to 2, but in the fifth, the Colts collected six runs and from that point on, it was a close game.

F. W. Weche, of Kitsumkalum, came in last night.

NINE UNEXPLODED BOMBS ON BOARD STEAMER KIRKOSWALD

FEELING OF OPTIMISM PREVAILS IN LONDON—KITCHENER AND PREMIER ASQUITH CONFER WITH THE ALLIED COMMANDERS—THREE SHIPS ARE SUNK—MINNEHAHA STILL AFIRE

(Special to The Daily News.)
New York, July 10.—Nine bombs, each big enough to blow up a 25,000-ton steamer, were found on the steamer Kirkoswald, when that vessel unloaded her cargo of sugar at Marseilles, from New York. The bombs were hidden in bags of sugar and failed to explode.

Optimism Prevails.

London, July 10.—A feeling of optimism prevails, resulting from the general surrender in German Southwest Africa; the stubborn resistance put up by the Russians in Poland, and the repulse of the German offensive movement on the western front.

Allied Conference.

Lord Kitchener and Premier Asquith have returned from France, where they have

been holding a conference with Generals Joffre and Sir John French.

Three Steamers Sunk.

The Italian steamer Clio, the Norwegian steamer Nordas, and the British steamer Ellesmere, have been torpedoed. A Norwegian fireman on the Ellesmere was killed by shell fire.

Minnehaha Still Afire.

Halifax, July 10.—Fire has broken out again in No. 3 hold on the transport Minnehaha. The hold has been battened down and flooded.

BOXING

(Special to The Daily News.)

Seattle, July 10.—Ray Campbell got the decision over Chet Neff at the end of four rounds, in a ten-round bout here last night.

G.T.P. GENERAL MANAGER ARRIVED LAST NIGHT

Morley Donaldson, vice-president and general manager of the G. T. P. arrived in the city last evening, his private car Transcontinental being attached to the regular train from the east. He left again a few hours later, having his car attached to the special fish train of express cars which left at 9:20.

Mr. Donaldson found it necessary to make a very brief stay here, as he wishes to get back with as little loss of time as possible. By leaving last night, he was able to save a day in getting back to Winnipeg, having a stop to make on the way. He was not able to get about the city during his visit this time.

The vice-president says it is very difficult to make calculations as to prospective trade now. The conditions are abnormal and in common with all the other lines of railway on the continent and in other avenues of business, there are no rules that serve as an actual guide. The trade is very good on the G. T. P., but not what the company could have expected under normal conditions.
The outlook for a crop on the prairies is magnificent, however. It looks now as if a crop that has never been excelled may be harvested. Every acre possible was put under crop last spring. The consequence has been that farmers to get further land available for next year broke up new areas this summer, so that the available acreage has been most extensively increased.

COMPROMISE EFFECTED IN CHICAGO CARPENTERS STRIKE

(Special to The Daily News.)
Chicago, July 10.—The strike of 16,000 union carpenters is over. A compromise was effected granting the men an advance from 65 to 70 cents per hour. The strike had tied up the building trade for two months.

LITTLE GIRLS WORKING FOR RED CROSS FUND

Gracie Carroll and Dorothy Jones handed the sum of \$16.57 to the treasurer of the Red Cross Fund last night, being the proceeds of a flower selling campaign. This morning those little girls were again actively engaged in their good work, and hope to exceed yesterday's total.

HAD TWO REASONS FOR REJECTING THE ORDER

Chicago, July 9.—The recent refusal of the Pullman company to accept a huge order for railroad cars from the Russian government was explained yesterday by a high official of the Pullman company, according to the Daily News.

The Russian agent who approached the company wanted 50,000 cars, worth about \$25,000,000. The Pullman company rejected the offer for two reasons, namely, that pay was to be made in Russian notes and 40,000 of the cars were to be built at a plant which the Pullman company was asked to build in Russia. President Runnels, of the Pullman company, demanded cash, as he said was demanded of all customers, and declined to build a plant in Russia. The Russian agent was without discretion in the matter. He had his instructions and could not change them so the deal fell through.
