GERMANY'S SENSE AS REVEALED BY THE WAR

PROTEST AGAINST MAGISTRATE CARSS

Judge Carss, this morning, sentenced Alba O'Neill to six months hard labor for selling liquor on Comox Ave.

L. W. Patmore for the defence protested against the verdict, in view of the fact that the evidence for the prosecution was contradictory and unreliable, while the evidence for the defence was overwhelmingly strong. Mr. Patmore stated that, as it was evident that the bench had decided to make a conviction in spite of the evidence, he would not call witnesses in the other cases, but simply enter a plea of not guilty.

A. M. Manson, at the outset of the trial, entered protest against the propriety of Judge Carss occupying the bench, in view of the fact that the prosecution was at the instigation of Lena Sylvia, a client of Mr. Carss, and a prostitute living on Comox Avenue. Mr. Manson said that he had evidence which fully warranted his protest, but in spite of that Judge Carss occupied the bench. Mr. Manson felt with Mr. Patmore that when such strong evidence for the defence carried no weight with the court, it was useless to call evidence in the other cases. Jean Dubois and Rosie Bloom were each sentenced to six months hard labor. Counsel for the defence entered an appeal in each case. The appeals will come before His Honor Judge Young in September.

A Strawberry Supper will be held in the Methodist Church on Tuesday, July 13, from 5 to 8 p. m. Admission 50 cents. 161-2

HEALTH DEPARTMENT COSTS

The health committee presented a report to the city council last night comparing the cost of garbage collection by auto and horse traction. By auto, the cost is \$674 per month, and by horse it would be \$765. It is proposed to collect on four days weekly instead of six as at present and that the men shall be paid at the rate of \$4 per day.

The point was raised in view of the fact that the city has four unemployed horses. It was pointed out that if the work were done by horse traction a new wagon would be needed. The report was adopted.
