## A SUGGESTION

It would be a splendid thing if Prince Rupert were to follow the example of Vancouver and do something in the way of providing a machine gun for the third contingent, which recently left for Vernon. Such a gun can be purchased for \$1,000, so that if two thousand citizens subscribed fifty cents each the purchase can be made. The boys who left from here will likely go to the front as one company, as the others have done, and it goes without saying that nothing would delight them more than to have the handling of a machine gun bought by the citizens of Prince Rupert.

One thousand dollars seems a lot of money in these hard times, but if every one gives a little, it could easily be accomplished. The sums collected by the Daughters of the Empire and the Red Cross Society show what can be done by concentrated effort. Prince Rupert has done nobly in providing comforts for the soldiers and necessities for the wounded, but we feel certain that the citizens will welcome another opportunity of helping to defeat the enemy.

## RESPONSIBILITY

The Winnipeg Free Press, in a full and careful study of election petitions and the election practice, particularly in regard to "saw-offs," refers to the difficulty and cost of working the election act. It points out the cost of getting evidence and of the difficulty in bringing it to the attention of the public. It refers to the two protests seriously entered in Manitoba, one in the Dominion election in Macdonald, where the counsel for the member admitted technical irregularities and gave up the seat, the trial at once being discontinued. The other case was in the provincial riding of Gimli, when the case was de-

layed until after the dissolution of parliament.

The Free Press doubts if any great improvement can be made at the present time. The suggestion that a public prosecutor be appointed who will pursue election rascality as vigorously as he would pursue other forms of crime, is not workable, because such a prosecutor would be a party appointment.

The wrong-doing, at the bottom, comes right back upon the people, who are really responsible. The Free Press concludes as follows:

"There can be no substantial improvement until there is a higher standard of morality among the people. When the unseating of representatives for corrupt practices is made legally possible and politically profitable, it will be resorted to more freely by the opposition, which is the party to whom we must look for action of this character; but as long as it is impossible to defeat a government candidate in a by-election, owing to a willingness of whole communities to sell their votes for a postoffice, or a wharf, or a grant for better roads, the time-honored practice of reaping political advantage by withdrawing election petitions instead of prosecuting them will be continued.

## CAMOSUN TO RETURN TO NORTHERN RUN

She will leave Vancouver on July 20, arriving in Prince Rupert on Thursday, July 22, and will take in Granby, Stewart, Queen Charlotte Islands, North and South, leaving Prince Rupert southbound on Wednesday, July 28. She will be on a fortnightly schedule, making Rupert her home port in the north as she touches here four times. It is expected that Seattle will also be included in the run.

## Coughing scatters germs—Stop it

Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. Mathieu's Syrup of Tar and Cod Liver Oil promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. The wonderful popularity of Mathieu's Syrup of Tar and Cod Liver Oil is especially due to its great value as a permanent lung and bronchial healer. Sold everywhere, 35c large bottles.

J. L. MATHIEU CO., Prop.,  
Sherbrooke, P.Q.  
For headaches use Mathieu's Keratine Pomade—these are useful also to clean the face and parts which often accompany colds. The 6 oz. bottle is 4-1-3.
