

HER DREAMS CAME TRUE

Life Unbearable from Indigestion
Health Restored by "Fruit-a-tives"

MELIE C. GAUDREAU

Rochon P.Q., Jan. 14th, 1915.

"I suffered for many years with terrible Indigestion and Constipation. I became thin and miserable. I had frequent dizzy spells and became so run down that I never thought I would get well again.

A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and headed meloogon with 'Fruit-a-tives'. I continued this medicine and all my Indigestion and Constipation was relieved. I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from Indigestion, Constipation or Headaches, try 'Fruit-a-tives'. Give this lovely fruit medicine a fair chance and you will get well the same as I did."

THE BORDEN GOVERNMENT AND ITS RAIL WAY POLICY

to the lakes. Judged by ultimate results the railway was built economically. The C. P. R. got a cash subsidy of \$25,000,000, completed railway another \$25,000,000, 25,000,000 acres of land at a computed present worth of \$250,000,000 and the privilege of establishing townsites. It also got tax exemption for its land for twenty years from the issue of the patents and freedom from government control of rates until its dividends are 10 per cent. on its capital—said dividend having been successfully dodged up to this moment by cutting melons, embarking in branch enterprises and other devices well known to financiers. The C. P. R., with all its special privileges, is owned from end to end by a private company.

The N. T. R., on the other hand was built without land grant, tax exemption, or provincial or local aid of any kind. The government has absolute control of freight rates—and the railway is under the jurisdiction of the Railway Commission throughout its whole length, which the C. P. R. is not. The Act also provides against over capitalization and secures running rights to other roads throughout its whole length. The only financial aid given to the Grand Trunk Pacific was a guarantee of interest, and, if the Borden government had not interfered with the arrangement, the government owned and constructed section east of Winnipeg would have been rented to the G. T. P.

at a sum sufficient to pay interest on the amount invested. The Dominion of Canada owns one-half of this great transcontinental railway in fee simple and has lent to the other half for security of its guarantee of interest.

On the whole the National Transcontinental, as the Liberals left it, was a great railway, with all the modern conveniences and precautions in the way of government control of rates, over capitalization and like matters. What Meighen is doing his best to answer that question.—H. F. Gadsby.

Make Monday Ironing Day

LET Sunlight Soap do your washing Monday morning and you can do the light ironing Monday afternoon. The rub, rub, rub at the board has no place in the Sunlight way—so with the hardest part of washing cut out you'll feel like making it a good day's work by doing at least part of the ironing.

Follow the directions that cut your work in half and remember there's nothing in Sunlight to injure fine fabric or dainty hand. A \$5,000 guarantee backs this statement.
